

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

THE LITTLE THAT IS MINE IN THIS LITTLE BOOK I GRATEFULLY DEDICATE

TO

PROFESSOR JOSEPH HETHERINGTON M'DANIELS

TEACHER AND FRIEND

PREFACE

Some time ago a fellow-teacher brought the Fabulae Faciles to my notice, and I have since used two of them each year with my class of beginners in Latin with increasing appreciation. Indeed, I know nothing better to introduce the student into the reading of connected narrative, and to bridge the great gulf between the beginner's book of the prevailing type and the Latinity of Caesar or Nepos. They are adapted to this use not merely by reason of their simplicity and interest, but more particularly by the graduating of difficulties and the large use of Caesarian words and phrases to which Mr. Ritchie calls attention in his preface.

Doubtless many American teachers have become familiar with portions of the *Fabulae*, for they have been freely drawn upon in several Latin readers recently published in this country. I venture to hope that those who have made the acquaintance of the work in this way will welcome a complete edition.

In England the little book has had a large use. Its pedagogical excellencies are well summed up in a letter addressed to Mr. Ritchie by the Very Rev. E. C. Wickham, formerly Head-Master of Wellington College, the well-known editor of Horace:—

"It launches the student at once in ancient life. The old classical stories, simply told, seem to me much the best material for

early Latin reading. They are abundantly interesting; they are taken for granted in the real literature of the language; and they can be told without starting the beginner on a wrong track by a barbarous mixture of ancient and modern ideas.

"It combines, if I may say so, very skilfully, the interest of a continuous story, with the gradual and progressive introduction of constructions and idioms. These seem to me to be introduced at the right moment, and to be played upon long enough to make them thoroughly familiar."

In revising Mr. Ritchie's book for the use of American schools it has seemed best to make extensive changes. Long vowels have been marked throughout, and the orthography of Latin words has been brought into conformity with our practice. Many liberties have been taken with the text itself, especially in the latter part, in the way of making it approximate more closely to our rather strict notions of the standards of model prose. A few words and uses of words not found in the prose writers of the republic have been retained, but nothing, it is hoped, that will seriously mislead the young student. I shall welcome any criticism that may lead to further changes in the text in future editions.

The notes are entirely new, and are intended for students' who have but just finished the beginner's book or have not yet finished it. Some notes may appear at first sight unnecessary or unnecessarily hard, but the reason for their insertion should be evident when the student begins the reading of classical Latin, the difficulties of which will be less likely to appal the beginner if some of them have been already conquered. I believe it a mistake to postpone all treatment of the uses of the subjunctive, for instance, or of the constructions of indirect discourse until

the study of Nepos or Caesar is begun. Besides, it is easier to neglect notes than to supply them, and the teacher who prefers to do the first reading without much attention to the more difficult constructions will only need to tell his students to disregard certain of my notes—or all of them.

There are no references to the grammars, but syntax has been given such treatment as seemed needed to supplement its treatment in the beginner's book. Teachers will therefore be able to postpone the use of a formal manual of grammar, if they so desire. Those who wish their classes to begin the reading of Latin at the earliest possible moment will find it feasible to use this book as soon as the inflections and the more elementary principles of syntax have been mastered.

In the vocabulary, the derivation or composition and the original meaning of words have been indicated wherever these seemed likely to prove helpful. Principal parts and genitives have been given in such a way as to prevent misunderstanding, and at the same time emphasize the composition of the verb or the suffix of the noun: for example, abscīdō, -cīdere, -cīdī, -cīsus; aetās, -tātis.

The lists of works of English literature and of art in which the myths are treated are only suggestive. Occasional readings from the one and exhibitions of representations of the other, either in the form of photographs or by the stereopticon, will not only stimulate interest in the Latin text but aid also in creating in the student a taste for literature and for art.

I planned at first to add some exercises for retranslation, but after careful consideration it has seemed not worth while. Most teachers will prefer not to base composition upon the Latin read at this stage, and those who wish to do so will find it an easy matter to prepare their own exercises, or can draw upon the copious exercises prepared by Mr. Ritchie and published separately under the title *Imitative Exercises in Easy Latin Prose*.

In the reading of proof I have had generous help from Dr. F. K. Ball of The Phillips Exeter Academy, Mr. J. C. Flood of St. Mark's School, and Mr. A. T. Dudley of Noble and Greenough's School, Boston. The proof-sheets have been used with the beginner's class in this Academy, and I have thus been able to profit by the criticism of my associate Mr. G. B. Rogers, and to test the work myself. The assistance of my wife has greatly lightened the labor of verifying the vocabulary.

JOHN C. KIRTLAND, Jr.

THE MYTHS IN ENGLISH LITERATURE

PERSEUS

Hawthorne, A Wonder-Book: The Gorgon's Head.

Kingsley, The Heroes: Perseus.

Cox, Tales of Ancient Greece: Medusa, Danaê, Perseus, Andromeda, Akrisios.

Francillon, Gods and Heroes: The Adventures of Perseus.

Kingsley, Andromeda.

William Morris, The Earthly Paradise: The Doom of King Acrisius.

Lewis Morris, The Epic of Hades: Andromeda.

Dowden, Andromeda.

Shelley, On the Medusa of Leonardo da Vinci.

D. G. Rossetti, Aspecta Medusa.

HERCULES

Hawthorne, A Wonder-Book: The Three Golden Apples.
Cox, Tales of Ancient Greece: The Toils of Herakles.
Francillon, Gods and Heroes: The Hero of Heroes.
William Morris, The Earthly Paradise: The Golden Apples.
Lewis Morris, The Epic of Hades: Deianeira.
Lang's translation of Theocritus, Idyls xxiv, xxv.

THE ARGONAUTS

Apollonius of Rhodes, The Tale of the Argonauts, translated by Way.

D. O. S. Lowell, Jason's Quest.

Hawthorne, Tanglewood Tales: The Golden Fleece.

Kingsley, The Heroes: The Argonauts.

Cox, Tales of Ancient Greece: Phrixos and Hellê, Medeia.

Church, Heroes and Kings: The Story of the Ship Argo.

Francillon, Gods and Heroes: The Golden Fleece.

William Morris, The Life and Death of Jason.

Bayard Taylor, Hylas.

John Dyer, The Fleece.

Lang's translation of Theocritus, several of the Idyls.

ULYSSES

Homer, The Odyssey, translated by Bryant (verse), William Morris (verse), Palmer (prose), Butcher and Lang (prose).

Lamb, The Adventures of Ulysses.

Hawthorne, Tanglewood Tales: Circe's Palace.

Cox, Tales of Ancient Greece: The Lotos-Eaters, Odysseus and Polyphemos, Odysseus and Kirkê.

Church, Stories from Homer: The Cyclops, The Island of Aeolus, Circé.

Tennyson, The Lotos-Eaters.

Matthew Arnold, The Strayed Reveler.

Dobson, The Prayer of the Swine to Circe.

THE MYTHS IN ART

Burne-Jones, Perseus and the Graeae. Caravaggio, Head of Medusa. Leonardo da Vinci, Head of Medusa. Canova. Perseus.

Benvenuto Cellini, Perseus, and Perseus saving Andromeda.

Piero di Cosimo, Perseus and Andromeda.

Charles Antoine Coypel, Perseus and Andromeda.

Domenichino, Perseus and Andromeda.

Rubens, Perseus and Andromeda.

Giovanni da Bologna, Hercules and the Centaur.

Bandinelli, Hercules and Cacus.

Guido Reni, Dejanira and the Centaur Nessus.

Canova, Hercules and Lichas.

Sichel, Medea.

Genelli, Jason and Medea capturing the Golden Fleece.

Burne-Jones, Circe.

L. Chalon, Circe and the Companions of Ulysses.

Rivière, Circe and the Companions of Ulysses.

Photographs and lantern-slides of all the works mentioned above may be obtained of the Soule Art Company, Boston. The list might have been made much longer, but it seemed likely to prove most helpful if limited to works of which reproductions are so easily obtainable. For the treatment of the myths in ancient art, the teacher is referred to the numerous pertinent illustrations in Baumeister's Denkmäler

des klassischen Altertums, or the same editor's Bilder aus dem griechischen und römischen Altertum für Schüler, the latter of which contains the cuts of the larger work, and is so cheap and so useful that it ought to lie on the desk of every teacher of Greek or Latin.

INTRODUCTORY NOTE

The Fabulae Faciles, or 'Easy Stories,' are four Greek myths retold in Latin, not by a Roman writer, however, but by an Englishman, who believed that they would afford interesting and pleasant reading for young folks who were just beginning the study of the Latin language. By myth is meant an imaginative tale that has been handed down by tradition from remote antiquity concerning supernatural beings and events. Such tales are common among all primitive peoples, and are by them accepted as true. They owe their origin to no single author, but grow up as the untutored imagination strives to explain to itself the operations of nature and the mysteries of life, or amuses itself with stories of the brave exploits of heroic ancestors.

The most beautiful and delightful of all myths are those that have come down to us in the remains of the literature and the art of ancient Greece and Rome; they are also the most important to us, for many of the great masterpieces of English literature and of modern art have been inspired by them and cannot be understood and appreciated by one ignorant of classical mythology.

Of this mythology the Fabulae Faciles give but a small part. If you wish to know more of the subject, you should read Gayley's The Classic Myths in English Literature, Guerber's Myths of Greece and Rome, or the books by Kingsley, Cox, Church, and Francillon mentioned in the lists on pages xiii and xiv.

PERSEUS

Acristus, an ancient king of Argos, had been warned by an oracle that he should perish by the hand of his grandson. On discovering, therefore, that his daughter Danae had given birth to a son. Acristus endeavored to escape his fate by setting both mother and child adrift on the sea. They were saved, however, by the help of Jupiter; and Perseus, the child, grew up at the court of Polydectes, king of Serīphos, an island in the Aegean Sea. On reaching manhood, Perseus was sent by Polydectes to fetch the head of Medūsa, one of the Gorgons. This dangerous task he accomplished with the help of Apollo and Minerva, and on his way home he rescued Andromeda, daughter of Cepheus, from a sea-monster. Perseus then married Androměda, and lived some time in the country of Cepheus. At length he returned to Seriphos, and turned Polydectes to stone by showing him the Gorgon's head; he then went to the court of Acrisius, who fled in terror at the news of his grandson's return. The oracle was duly fulfilled, for Acristus was accidentally killed by a quoit thrown by Perseus.

1. THE ARK

Haec nārrantur ā poētīs dē Perseō. Perseus fīlius erat Iovis, māximī deōrum; avus ēius Acrisius appellābātur. Acrisius volēbat Perseum nepōtem suum necāre; nam propter ōrāculum puerum timēbat. Comprehendit igitur Perseum adhūc īnfantem, et cum mātre in arcā līgneā 5 inclūsit. Tum arcam ipsam in mare coniēcit. Danaē, Perseī māter, māgnopere territa est; tempestās enim māgna mare turbābat. Perseus autem in sinū mātris dormiēbat.

2. JUPITER SAVES HIS SON

Iuppiter tamen haec omnia vīdit, et fīlium suum ser-10 vāre cōnstituit. Tranquillum igitur fēcit mare, et arcam ad īnsulam Serīphum perdūxit. Hūius īnsulae Polydectēs tum rēx erat. Postquam arca ad lītus appulsa est, Danaē in harēnā quiētem capiēbat. Post breve tempus ā piscātōre quōdam reperta est, et ad domum 15 rēgis Polydectis adducta est. Ille mātrem et puerum benīgnē excēpit, et iīs sēdem tūtam in fīnibus suīs dedit. Danaē hōc dōnum libenter accēpit, et prō tantō beneficiō rēgī grātiās ēgit.

3. PERSEUS IS SENT ON HIS TRAVELS

Perseus igitur multōs annōs ibi habitābat, et cum 20 mātre suā vītam beātam agēbat. At Polydectēs Danaēn māgnopere amābat, atque eam in mātrimōnium dūcere volēbat. Hōc tamen cōnsilium Perseō minimē grātum erat. Polydectēs igitur Perseum dīmittere cōnstituit. Tum iuvenem ad sē vocāvit et haec dīxit: "Turpe est 25 hanc īgnāvam vītam agere; iam dūdum tū adulēscēns

es. Quō ūsque hīc manēbis? Tempus est arma capere et virtūtem praestāre. Hinc abī, et caput Medūsae mihi refer."

4. PERSEUS GETS HIS OUTFIT

Perseus ubi haec audīvit, ex īnsulā discessit, et post
quam ad continentem vēnit, Medūsam quaesīvit. Diū
frūstrā quaerēbat; namque nātūram locī īgnōrābat.
Tandem Apollō et Minerva viam dēmōnstrāvērunt.
Prīmum ad Graeās, sorōrēs Medūsae, pervēnit. Ab hīs
tālāria et galeam magicam accēpit. Apollō autem et

Minerva falcem et speculum dedērunt. Tum postquam
tālāria pedibus induit, in āera ascendit. Diū per āera
volābat; tandem tamen ad eum locum vēnit ubi Medūsa
cum cēterīs Gorgonibus habitābat. Gorgonēs autem
mōnstra erant speciē horribilī; capita enim eārum
sanguibus omnīnō contēcta erant. Manūs etiam ex aere
factae erant.

5. THE GORGON'S HEAD

Rēs difficillima erat caput Gorgonis abscīdere; ēius enim conspectu hominēs in saxum vertēbantur. Propter hanc causam Minerva speculum Perseo dederat. Ille 20 igitur tergum vertit, et in speculum īnspiciēbat; hōc modo ad locum vēnit ubi Medūsa dormiēbat. Tum falce suā caput ēius ūno īctū abscīdit. Čēterae Gorgonēs statim ē somno excitātae sunt, et ubi rem vīdērunt, īrā commotae sunt. Arma rapuērunt, et Perseum occīdere 25 volēbant. Ille autem dum fugit, galeam magicam induit; et ubi hōc fēcit, statim ē conspectū eārum ēvāsit.

6. THE SEA-SERPENT

Post haec Perseus in fīnīs Aethiopum vēnit. Ibi Cēpheus quīdam illō tempore rēgnābat. Hīc Neptūnum, maris deum, ōlim offenderat; Neptūnus autem mōnstrum saevissimum mīserat. Hōc cottīdiē ē marī veniēbat et hominēs dēvorābat. Ob hanc causam pavor anis mōs omnium occupāverat. Cēpheus igitur ōrāculum deī Hammōnis cōnsuluit, atque ā deō iūssus est fīliam mōnstrō trādere. Ēius autem fīlia, nōmine Andromeda, virgō fōrmōsissima erat. Cēpheus ubi haec audīvit, māgnum dolōrem percēpit. Volēbat tamen cīvīs suōs ē 10 tantō perīculō extrahere, atque ob eam causam imperāta Hammōnis facere cōnstituit.

7. A HUMAN SACRIFICE

Tum rēx diem certam dīxit et omnia parāvit. Ubi ea diēs vēnit, Andromeda ad lītus dēducta est, et in cōnspectū omnium ad rūpem adligāta est. Omnēs fātum 15 ēius dēplōrābant, nec lacrimās tenēbant. At subitō, dum mōnstrum exspectant, Perseus accurrit; et ubi lacrimās vīdit, causam dolōris quaerit. Illī rem tōtam expōnunt et puellam dēmōnstrant. Dum haec geruntur, fremitus terribilis audītur; simul mōnstrum horribilī 20 speciē procul cōnspicitur. Ēius cōnspectus timōrem māximum omnibus iniēcit. Mōnstrum māgnā celeritāte ad lītus contendit, iamque ad locum appropinquābat ubi puella stābat.

8. THE RESCUE

At Perseus ubi haec vīdit, gladium suum ēdūxit, et 25 postquam tālāria induit, in āera sublātus est. Tum

dēsuper in monstrum impetum subito fēcit, et gladio suo collum ēius graviter vulnerāvit. Monstrum ubi sēnsit vulnus, fremitum horribilem ēdidit, et sine morā totum corpus in aquam mersit. Perseus dum circum lītus volat, reditum ēius exspectābat. Mare autem intereā undique sanguine înficitur. Post breve tempus bēlua rūrsus caput sustulit; mox tamen ā Perseo īctū graviore vulnerāta est. Tum iterum sē in undās mersit, neque posteā vīsa est.

9. THE REWARD OF VALOR

Perseus postquam ad lītus dēscendit, prīmum tālāria exuit; tum ad rūpem vēnit ubi Andromeda vincta erat. Ea autem omnem spem salūtis dēposuerat, et ubi Perseus adiit, terrōre paene exanimāta erat. Ille vincula statim solvit, et puellam patrī reddidit. Cēpheus ob 15 hanc rem māximō gaudiō adfectus est. Meritam grātiam prō tantō beneficiō Perseō rettulit; praetereā Andromedam ipsam eī in mātrimōnium dedit. Ille libenter hōc dōnum accēpit et puellam dūxit. Paucōs annōs cum uxōre suā in eā regiōne habitābat, et in māgnō 20 honōre erat apud omnīs Aethiopēs. Māgnopere tamen mātrem suam rūrsus vidēre cupiēbat. Tandem igitur cum uxōre suā ē rēgnō Cēpheī discessit.

10. POLYDECTES IS TURNED TO STONE

Postquam Perseus ad īnsulam nāvem appulit, sē ad locum contulit ubi māter ōlim habitāverat, sed 25 domum invēnit vacuam et omnīnō dēsertam. Trīs diēs per tōtam īnsulam mātrem quaerēbat; tandem quartō diē ad templum Diānae pervēnit. Hūc Danaē

refügerat, quod Polydectem timēbat. Perseus ubi haec cōgnōvit, īrā māgnā commōtus est; ad rēgiam Polydectis sine morā contendit, et ubi eō vēnit, statim in ātrium inrūpit. Polydectēs māgnō timōre adfectus est et fugere volēbat. Dum tamen ille fugit, Perseus caput Medūsae 5 mōnstrāvit; ille autem simul atque hōc vīdit, in saxum versus est.

11. THE ORACLE FULFILLED

Post haec Perseus cum uxōre suā ad urbem Acrisī rediit. Ille autem ubi Perseum vīdit, māgnō terrōre adfectus est; nam propter ōrāculum istud nepōtem ro suum adhūc timēbat. In Thessaliam igitur ad urbem Lārīsam statim refūgit, frūstrā tamen; neque enim fātum suum vītāvit. Post paucōs annōs rēx Lārīsae lūdōs māgnōs fēcit; nūntiōs in omnīs partīs dīmīserat et diem ēdīxerat. Multī ex omnibus urbibus Graeciae ad 15 lūdōs convēnērunt. Ipse Perseus inter aliōs certāmen discōrum iniit. At dum discum conicit, avum suum cāsū occīdit; Acrisius enim inter spectātōrēs ēius certāminis forte stābat.

HERCULES

Hercules, a Greek hero celebrated for his great strength, was pursued throughout his life by the hatred of Juno. While yet an infant, he strangled some serpents sent by the goddess to destroy him. During his boyhood and youth he performed various marvelous feats of strength, and on reaching manhood succeeded in delivering the Thebans from the oppression of the Minyae. In a fit of madness sent upon him by Juno, he slew his own children; and on consulting the Delphic oracle as to how he should cleanse himself from this crime, he was ordered to submit himself for twelve years to Eurystheus, king of Tiryns, and to perform whatever tasks were appointed him. Hercules obeyed the oracle, and during the twelve years of his servitude accomplished twelve extraordinary feats known as the Labors of Hercules. His death was caused unintentionally by his wife Dejanīra. Hercules had shot with his poisoned arrows a centaur named Nessus, who had insulted Dejanira. Nessus, before he died, gave some of his blood to Dejanīra, and told her it would act as a charm to secure her husband's love. Some time after, Dejanira wishing to try the charm soaked one of her husband's garments in the blood, not knowing that it was poisoned. Hercules put on the robe, and after suffering terrible torments died, or was carried off by his father Jupiter.

12. THE HATRED OF JUNO

Herculēs, Alcmēnae fīlius, ōlim in Graeciā habitābat. Hīc omnium hominum validissimus fuisse dīcitur. At Iūnō, rēgīna deōrum, Alcmēnam ōderat et Herculem adhūc īnfantem necāre voluit. Mīsit igitur duās serpentīs saevissimās; hac mediā nocte in cubiculum Alcmē- 5 nae vēnērunt, ubi Herculēs cum frātre suō dormiēbat. Nec tamen in cūnīs, sed in scūtō māgnō cubābant. Serpentēs iam appropinquāverant et scūtum movēbant; itaque puerī ē somnō excitātī sunt.

13. HERCULES AND THE SERPENTS

Īphiclēs, frāter Herculis, māgnā vōce exclāmāvit; sed 10 Herculēs ipse, fortissimus puer, haudquāquam territus est. Parvīs manibus serpentīs statim prehendit, et colla eārum māgnā vī compressit. Tālī modō serpentēs ā puerō interfectae sunt. Alcmēna autem, māter puerōrum, clāmōrem audīverat, et marītum suum ē somnō 15 excitāverat. Ille lūmen accendit et gladium suum rapuit; tum ad puerōs properābat, sed ubi ad locum vēnit, rem mīram vīdit, Herculēs enim rīdēbat et serpentīs mortuās mōnstrābat.

14. THE MUSIC-LESSON

Herculēs ā puerō corpus suum dīligenter exercēbat; 20 māgnam partem diēī in palaestrā consumēbat; didicit etiam arcum intendere et tēla conicere. Hīs exercitātionibus vīrēs ēius confirmātae sunt. In mūsicā etiam ā Linō centaurō ērudiēbātur (centaurī autem equī erant sed caput hominis habēbant); huic tamen artī minus 25 dīligenter studēbat. Hīc Linus Herculem olim obiūrgā-

bat, quod non studiosus erat; tum puer īrātus citharam subito rapuit, et omnibus vīribus caput magistrī īnfēlīcis percussit. Ille īctū prostrātus est, et paulo post ē vītā excessit, neque quisquam posteā id officium suscipere voluit.

15. HERCULES ESCAPES SACRIFICE

Dē Hercule haec etiam inter alia nārrantur. Ölim dum iter facit, in fīnīs Aegyptiōrum vēnit. Ibi rēx quīdam, nōmine Būsīris, illō tempore rēgnābat; hīc autem vir crūdēlissimus hominēs immolāre cōnsuēverat. 10 Herculem igitur corripuit et in vincula coniēcit. Tum nūntiōs dīmīsit et diem sacrificiō ēdīxit. Mox ea diēs appetēbat, et omnia rīte parāta sunt. Manūs Herculis catēnīs ferreīs vinctae sunt, et mola salsa in caput ēius īnspersa est. Mōs enim erat apud antīquōs salem et fār 15 capitibus victimārum impōnere. Iam victima ad āram stābat; iam sacerdōs cultrum sūmpserat. Subitō tamen Herculēs māgnō cōnātū vincula perrūpit; tum īctū sacerdōtem prōstrāvit; alterō rēgem ipsum occīdit.

16. A CRUEL DEED

Herculēs iam adulēscēns Thēbīs habitābat. Rēx Thē
20 bārum, vir īgnāvus, Crcōn appellābātur. Minyae, gēns
bellicōsissima, Thēbānīs fīnitimī erant. Lēgātī autem ā
Minyīs ad Thēbānōs quotannīs mittēbantur; hī Thēbās
veniēbant et centum bovēs postulābant. Thēbānī enim
ölim ā Minyīs superātī erant; tribūta igitur rēgī Miny
25 ārum quotannīs pendēbant. At Herculēs cīvīs suōs hōc
stīpendiō līberāre cōnstituit; lēgātōs igitur comprehendit, atque aurīs cōrum abscidit. Lēgātī autem apud
omnīs gentīs sānctī habentur.

17. THE DEFEAT OF THE MINYAE

Ergīnus, rēx Minyārum, ob haec vehementer īrātus statim cum omnibus cōpiīs in fīnīs Thēbānōrum contendit. Creōn adventum ēius per explōrātōrēs cōgnōvit. Ipse tamen pūgnāre nōluit, nam māgnō timōre adfectus erat; Thēbānī igitur Herculem imperātōrem creāvērunt. 5 Ille nūntiōs in omnīs partīs dīmīsit, et cōpiās coēgit; tum proximō diē cum māgnō exercitū profectus est. Locum idōneum dēlēgit et aciem īnstrūxit. Tum Thēbānī ē superiōre locō impetum in hostīs fēcērunt. Illī autem impetum sustinēre nōn potuērunt; itaque aciēs hostium 10 pulsa est atque in fugam conversa.

18. MADNESS AND MURDER

Post hōc proelium Herculēs cōpiās suās ad urbem redūxit. Omnēs Thēbānī propter victōriam māximē gaudēbant; Creōn autem māgnīs honōribus Herculem decorāvit, atque fīliam suam eī in mātrimōnium dedit. Herculēs 15 cum uxōre suā beātam vītam agēbat; sed post paucōs annōs subitō in furōrem incidit, atque līberōs suōs ipse suā manū occīdit. Post breve tempus ad sānitātem reductus est, et propter hōc facinus māgnō dolōre adfectus est; mox ex urbe effūgit et in silvās sē recēpit. 20 Nōlēbant enim cīvēs sermōnem cum eō habēre.

19. HERCULES CONSULTS THE ORACLE

Herculēs tantum scelus expiāre māgnopere cupiēbat. Constituit igitur ad orāculum Delphicum īre; hoc enim orāculum erat omnium celeberrimum. Ibi templum erat Apollinis plūrimīs donīs ornātum. Hoc in templo sedēbat 25 fēmina quaedam, nomine Pythia, et consilium dabat iīs

quī ad ōrāculum veniēbant. Haec autem fēmina ab ipsō Apolline docēbātur, et voluntātem deī hominibus ēnūntiābat. Herculēs igitur, quī Apollinem praecipuē colēbat, hūc vēnit. Tum rem tōtam exposuit, neque scelus 5 cēlāvit.

20. THE ORACLE'S REPLY

Ubi Herculēs fīnem fēcit, Pythia prīmō tacēbat; tandem tamen iussit eum ad urbem Tīryntha īre, et Eurystheī rēgis omnia imperāta facere. Herculēs ubi haec audīvit, ad urbem illam contendit, et Eurystheō rēgī sē 10 in servitūtem trādidit. Duodecim annōs crūdēlissimō Eurystheō serviēbat, et duodecim labōrēs, quōs ille imperāverat, cōnfēcit; hōc enim ūnō modō tantum scelus expiārī potuit. Dē hīs labōribus plūrima ā poētīs scrīpta sunt. Multa tamen quae poētae nārrant vix crēdibilia 15 sunt.

21. FIRST LABOR: THE NEMEAN LION

Prīmum ab Eurystheō iūssus est Herculēs leōnem occīdere quī illō tempore vallem Nemeaeam reddēbat īnfēstam. In silvās igitur in quibus leō habitābat statim sē contulit. Mox feram vīdit, et arcum, quem sēcum. 20 attulerat, intendit; ēius tamen pellem, quae dēnsissima erat, trāicere nōn potuit. Tum clāvā māgnā quam semper gerēbat leōnem percussit, frūstrā tamen; neque enim hōc modō eum occīdere potuit. Tum dēmum collum mōnstrī bracchiīs suīs complexus est et faucīs ēius omnibus 25 vīribus compressit. Hōc modō leō brevī tempore exanimātus est; nūlla enim respīrandī facultās eī dabātur. Tum Herculēs cadāver ad oppidum in umerīs rettulit; et pellem, quam dētrāxerat, posteā prō veste gerēbat.

Omnēs autem quī eam regionem incolēbant, ubi fāmam dē morte leonis accēpērunt, vehementer gaudēbant et Herculem māgno honore habēbant.

22. SECOND LABOR: THE LERNEAN HYDRA

Paulo post iūssus est ab Eurystheo Hydram necāre. Hōc autem monstrum erat cui novem erant capita. 5 Herculēs igitur cum amīcō Iolāō profectus est ad palūdem Lernaeam, in qua Hydra habitabat. Mox monstrum invēnit, et quamquam rēs erat māgnī perīculī, collum ējus sinistrā prehendit. Tum dextrā capita novem abscidere coepit; quotiens tamen hoc fecerat, nova capita 10 exoriēbantur. Diū frūstrā laborābat: tandem hoc conātū Deinde arborës succidere et ignem accendere dēstitit. constituit. Hoc celeriter fecit, et postquam ligna ignem comprehendērunt, face ārdente colla adūssit, unde capita exoriēbantur. Nec tamen sine māgnō labore haec fēcit; 15 vēnit enim auxilio Hydrae cancer ingens, qui, dum Herculēs capita abscīdit, crūra ēius mordēbat. Postquam monstrum tālī modo interfēcit, sagittās suās sanguine ēius imbuit, itaque mortiferās reddidit.

23. THIRD LABOR: THE CERYNEAN STAG

Postquam Eurystheō caedēs Hydrae nūntiāta est, 20 māgnus timor animum ēius occupāvit. Iussit igitur Herculem cervum quendam ad sē referre; nōluit enim virum tantae audāciae in urbe retinēre. Hīc autem cervus, cūius cornua aurea fuisse trāduntur, incrēdibilī fuit celeritāte. Herculēs igitur prīmō vestīgiīs eum in 25 silvā persequēbātur; deinde ubi cervum ipsum vīdit, omnibus vīribus currere coepit. Ūsque ad vesperum

currēbat, neque nocturnum tempus sibi ad quiētem relinquēbat, frūstrā tamen; nūllō enim modō cervum cōnsequī poterat. Tandem postquam tōtum annum cucurrerat (ita trāditur), cervum cursū exanimātum cēpit, et 5 vīvum ad Eurystheum rettulit.

24. FOURTH LABOR: THE ERYMANTHIAN BOAR

Tum vērō iūssus est Herculēs aprum quendam capere quī illō tempore agrōs Erymanthiōs vāstābat et incolās hūius regiōnis māgnopere terrēbat. Herculēs rem suscēpit et in Arcadiam profectus est. Postquam in silvam 10 paulum prōgressus est, aprō occurrit. Ille autem simul atque Herculem vīdit, statim refūgit; et timōre perterritus in altam fossam sē prōiēcit. Herculēs igitur laqueum quem attulerat iniēcit, et summā cum difficultāte aprum ē fossa extrāxit. Ille etsī fortiter repūgnābat, nūllō modō 15 sē līberāre potuit; et ab Hercule ad Eurystheum vīvus relātus est.

25. HERCULES AT THE CENTAUR'S CAVE

Dē quartō labōre, quem suprā nārrāvimus, haec etiam trāduntur. Herculēs dum iter in Arcadiam facit, ad eam regiōnem vēnit quam centaurī incolēbant. Cum nox iam 20 appeteret, ad spēluncam dēvertit in quā centaurus quīdam, nōmine Pholus, habitābat.

Ille Herculem benīgnē excēpit et cēnam parāvit. At Herculēs postquam cēnāvit, vīnum ā Pholō postulāvit. Erat autem in spēluncā māgna amphora vīnō optimō re-25 plēta, quam centaurī ibi dēposuerant. Pholus igitur hōc vīnum dare nōlēbat, quod reliquōs centaurōs timēbat; nūllum tamen vīnum praeter hōc in spēluncā habēbat. "Hōc vīnum," inquit, "mihi commissum est. Sī igitur

hōc dabō, centaurī mē interficient." Herculēs tamen eum in<u>rīsit</u>, et ipse pōc<u>ulum</u> vīnī dē amphorā hausit.

26. THE FIGHT WITH THE CENTAURS

Simul atque amphora aperta est, odor iūcundissimus undique diffūsus est; vīnum enim suāvissimum erat. Centaurī nōtum odōrem sēnsērunt et omnēs ad locum 5 convēnērunt.

Ubi ad spēluncam pervēnērunt, māgnopere īrātī erant quod Herculem bibentem vīdērunt. Tum arma rapuērunt et Pholum interficere volēbant. Herculēs tamen in aditū spēluncae constitit et impetum eorum fortissimē 10 sustinēbat. Facēs ārdentīs in eos coniēcit; multos etiam sagittīs suīs vulnerāvit. Hae autem sagittae eaedem erant quae sanguine Hydrae olim imbūtae erant. Omnēs igitur quos ille sagittīs vulnerāverat venēno statim absūmptī sunt; reliquī autem ubi hoc vīdērunt, 15 terga vertērunt et fugā salūtem petiērunt.

27. THE FATE OF PHOLUS

Postquam reliquī fūgērunt, Pholus ex spēluncā ēgréssus est, et corpora spectābat eōrum quī sagittīs interfectī erant. Māgnopere autem mīrātus est quod tam levī vulnere exanimātī erant, et causam ēius reī quaerēbat. 20 Adiit igitur locum ubi cadāver cūiusdam centaurī iacēbat, et sagittam ē vulnere trāxit. Haec tamen sīve cāsū sīve cōnsiliō deōrum ē manibus ēius lapsa est, et pedem leviter vulnerāvit. Ille extemplō dolōrem gravem per omnia membra sēnsit, et post breve tempus vī venēnī 25 exanimātus est. Mox Herculēs, quī reliquōs centaurōs secūtus erat, ad spēluncam rediit, et māgnō cum dolōre

Pholum mortuum vidit. Multīs cum lacrimīs corpus amīcī ad sepultūram dedit; tum, postquam alterum pōculum vīnī exhausit, somnō sē dedit.

28. FIFTH LABOR: THE AUGEAN STABLES

Deinde Eurystheus Herculī hunc labōrem graviōrem 5 imposuit. Augēās quīdam, quī illō tempore rēgnum in Ēlide obtinēbat, tria mīlia boum habēbat. Hī in stabulō ingentis māgnitūdinis inclūdēbantur. Stabulum autem inluviē ac squālōre erat obsitum, neque enim ad hōc tempus umquam pūrgātum erat. Hōc Herculēs intrā 10 spatium ūnīus diēī pūrgāre iūssus est. Ille, etsī rēs erat multae operae, negōtium suscēpit. Prīmum māgnō labōre fossam duodēvīgintī pedum dūxit, per quam flūminis aquam dē montibus ad mūrum stabulī perdūxit. Tum, postquam mūrum perrūpit, aquam in stabulum immīsit; 15 et tālī modō contrā opīniōnem omnium opus cōnfēcit.

29. SIXTH LABOR: THE STYMPHALIAN BIRDS

Post paucos dies Hercules ad oppidum Stymphālum iter fēcit; imperāverat enim eī Eurystheus ut avīs Stymphālides necāret. Hae avēs rostra aēnea habēbant et carne hominum vēscēbantur. Ille postquam ad locum pervēnit, lacum vīdit; in hoc autem lacū, quī non procul erat ab oppido, avēs habitābant. Nūlla tamen dabātur appropinquandī facultās; lacus enim non ex aquā sed ē līmo constitit. Hercules igitur neque pedibus neque lintre progredī potuit.

25 Ille cum māgnam partem diēī frūstrā consūmpsisset, hoc conātū destitit et ad Volcānum se contulit, ut auxilium ab eo peteret. Volcānus (quī ab fabrīs māximē colēbātur) crepundia quae ipse ex aere fabricātus erat Herculī dedit. Hīs Herculēs tam ācrem crepitum fēcit ut avēs perterritae āvolārent. Ille autem, dum āvolant, māgnum numerum eārum sagittīs trānsfīxit.

 $ec{V}$ 30. SEVENTH LABOR: THE CRETAN BULL

Tum Eurystheus Herculī imperāvit ut taurum quen- 5 dam ferōcissimum ex īnsulā Crētā vīvum referret. Ille igitur nāvem cōnscendit, et cum ventus idōneus esset, statim solvit. Cum tamen īnsulae iam appropinquāret, tanta tempestās subitō coorta est ut nāvis cursum tenēre nōn posset. Tantus autem timor animōs nautārum 10 occupāvit ut paene omnem spem salūtis dēpōnerent. Herculēs tamen, etsī nāvigandī imperītus erat, haudquāquam territus est.

Post breve tempus summa tranquillitās consecūta est, et nautae, quī sē ex timore iam receperant, nāvem in-15 columem ad terram appulērunt. Herculēs ē nāvī ēgressus est, et cum ad rēgem Crētae vēnisset, causam veniendī docuit. Deinde, postquam omnia parāta sunt, ad eam regionem contendit quam taurus vāstābat. Mox taurum vīdit, et quamquam rēs erat māgnī perīculī, 20 cornua ēius prehendit. Tum, cum ingentī labore monstrum ad nāvem trāxisset, cum praedā in Graeciam rediit.

31. EIGHTH LABOR: THE MAN-EATING HORSES OF DIOMEDE

Postquam ex īnsulā Crētā rediit, Herculēs ab Eurystheō in Thrāciam missus est, ut equōs Diomēdis redū-25 ceret. Hī equī carne hominum vēscēbantur; Diomēdēs autem, vir crūdēlissimus, illīs obiciēbat peregrīnōs omnīs

qui in eam regionem venerant. Hercules igitur magna celeritate in Thraciam contendit et ab Diomede postulavit ut equi sibi traderentur. Cum tamen ille hoc facere nollet, Hercules ira commotus regem interfecit et cadaver 5 eius equis obici iussit.

Ita mīra rērum commūtātiō facta est; is enim quī anteā multōs cum cruciātū necāverat ipse eōdem suppliciō necātus est. Cum haec nūntiāta essent, omnēs quī eam regiōnem incolēbant māximā laetitiā adfectī sunt et to Herculī meritam grātiam referēbant. Nōn modo māximīs honōribus et praemiīs eum decorāvērunt sed ōrābant etiam ut rēgnum ipse susciperet. Ille tamen hōc facere nōlēbat, et cum ad mare rediisset, nāvem occupāvit. Ubi omnia ad nāvigandum parāta sunt, equōs in nāvī contōlocāvit; deinde, cum idōneam tempestātem nactus esset, sine morā ē portū solvit, et paulō post equōs in lītus Argolicum exposuit.

32. NINTH LABOR: THE GIRDLE OF HIPPOLYTE

Gēns Amāzonum dīcitur omnīnō ex mulieribus cōnstitisse. Hae summam scientiam reī mīlitāris habēbant, 20 et tantam virtūtem adhibēbant ut cum virīs proelium committere audērent. Hippolytē, Amāzonum rēgīna, balteum habuit celeberrimum quem Mārs eī dederat. Admēta autem, Eurystheī fīlia, fāmam dē hōc balteō accēperat et eum possidēre vehementer cupiēbat. 25 Eurystheus igitur Herculī mandāvit ut cōpiās cōgeret et bellum Amāzonibus īnferret. Ille nūntiōs in omnīs partīs dīmīsit, et cum māgna multitūdō convēnisset, eōs dēlēgit quī māximum ūsum in rē mīlitārī habēbant.

15

33. THE GIRDLE IS REFUSED

Hīs virīs Herculēs persuāsit, postquam causam itineris exposuit, ut sēcum iter facerent. Tum cum iīs quibus persuāserat nāvem cōnscendit, et cum ventus idōneus esset, post paucōs diēs ad ōstium flūminis Thermōdontis appulit. Postquam in fīnīs Amāzonum vēnit, nūntium 5 ad Hippolytam mīsit, quī causam veniendī docēret et balteum pōsceret. Ipsa Hippolytē balteum trādere volēbat, quod dē Herculis virtūte fāmam accēperat; reliquae tamen Amāzonēs eī persuāsērunt ut negāret. At Herculēs, cum haec nūntiāta essent, bellī fortūnam temptāre 10 cōnstituit.

Proximō igitur diē cum cōpiās ēdūxisset, locum idōneum dēlēgit et hostīs ad pūgnam ēvocāvit. Amāzonēs quoque cōpiās suās ex castrīs ēdūxērunt et nōn māgnō intervāllō ab Hercule aciem īnstrūxērunt.

34. THE BATTLE

Palūs erat non māgna inter duo exercitūs; neutrī tamen initium trānseundī facere volēbant. Tandem Herculēs sīgnum dedit, et ubi palūdem trānsiit, proelium commīsit.

Amāzonēs impetum virōrum fortissimē sustinuērunt, 20 et contrā opīniōnem omnium tantam virtūtem praestitērunt ut multōs eōrum occīderint, multōs etiam in fugam coniēcerint. Virī enim novō genere pūgnae perturbābantur nec māgnam virtūtem praestābant. Herculēs autem cum haec vidēret, dē suīs fortūnīs dēspērāre coepit. 25 Mīlitēs igitur vehementer cohortātus est ut prīstinae virtūtis memoriam retinērent neu tantum dēdecus admitterent, hostiumque impetum fortiter sustinērent;

quibus verbīs animōs omnium ita ērēxit ut multī etiam quī vulneribus cōnfectī essent proelium sine morā redintegrārent.

35. THE DEFEAT OF THE AMAZONS

Diū et ācriter pūgnātum est; tandem tamen ad sōlis 5 occāsum tanta commūtātiō rērum facta est ut mulierēs terga verterent et fugā salūtem peterent. Multae autem vulneribus dēfessae dum fugiunt captae sunt, in quō numerō ipsa erat Hippolytē. Herculēs summam clēmentiam praestitit, et postquam balteum accēpit, lībertātem 10 omnibus captīvīs dedit. Tum vērō sociōs ad mare redūxit, et quod nōn multum aestātis supererat, in Graeciam proficīscī mātūrāvit. Nāvem igitur cōnscendit, et tempestātem idōneam nactus statim solvit; antequam tamen in Graeciam pervēnit, ad urbem Trōiam nāvem 15 appellere cōnstituit, frūmentum enim quod sēcum habēbat iam dēficere coeperat.

36. LAOMEDON AND THE SEA-MONSTER

Lāomedōn quīdam illō tempore rēgnum Trōiae obtinēbat. Ad hunc Neptūnus et Apollō annō superiōre vēnerant, et cum Trōia nōndum moenia habēret, ad hōc 20 opus auxilium obtulerant. Postquam tamen hōrum auxiliō moenia cōnfecta sunt, nōlēbat Lāomedōn praemium quod prōposuerat persolvere.

Neptūnus igitur et Apollō ob hanc causam īrātī mōnstrum quoddam mīsērunt speciē horribilī, quod cottīdiē ē 25 marī veniēbat et hominēs pecudēsque vorābat. Trōiānī autem timōre perterritī in urbe continēbantur, et pecora omnia ex agrīs intrā mūrōs compulerant. Lāomedōn hīs rēbus commōtus ōrāculum cōnsuluit, ac deus eī praecēpit ut f.liam Hēsionem mōnstrō obiceret.

37. THE RESCUE OF HESIONE

Lãomedon, cum hoc responsum renuntiatum esset. māgnum dolorem percēpit; sed tamen, ut cīvīs suos tanto periculo liberaret, oraculo parere constituit et diem sacrificio dixit. Sed sive casu sive consilio deorum Herculës tempore opportunissimo Trojam attigit: ipso enim 5 temporis puncto quo puella catenis vincta ad litus dēdūcēbātur ille nāvem appulit. Herculēs ē nāvī ēgressus dē rēbus quae gerēbantur certior factus est; tum īrā commōtus ad rēgem sē contulit et auxilium suum obtulit. Cum rex libenter ei concessisset ut, si 10 posset, puellam līberāret, Herculēs monstrum interfēcit; et puellam, quae iam omnem spem salūtis dēposuerat, incolumem ad patrem reduxit. Lāomedon māgno cum gaudiō fīliam suam accēpit, et Herculī prō tantō beneficiō meritam grātiam rettulit. 15

38. TENTH LABOR: THE OXEN OF GERYON

Tum vērō missus est Herculēs ad īnsulam Erythīam, ut bovēs Gēryonis arcesseret. Rēs erat summae difficultātis, quod bovēs ā quōdam Eurytiōne et ā cane bicipite custōdiēbantur. Ipse autem Gēryōn speciem horribilem praebēbat; tria enim corpora inter sē coniūneta habēbat. 20 Herculēs tamen etsī intellegēbat quantum perīculum esset, negōtium suscēpit; ac postquam per multās terrās iter fēcit, ad eam partem Libyae pervēnit quae Eurōpae proxima est. Ibi in utrōque lītore fretī quod Eurōpam ā Libyā dīvidit columnās cōnstituit, quae posteā Herculis 25 Columnae appellābantur.

39. THE GOLDEN SHIP

Dum hīc morātur, Herculēs māgnum incommodum ex calōre sōlis accipiēbat; tandem igitur īrā commōtus arcum suum intendit et sōlem sagittīs petiit. Sōl tamen audāciam virī tantum admīrātus est ut lintrem auream 5 eī dederit. Herculēs hōc dōnum libentissimē accēpit, nūllam enim nāvem in hīs regiōnibus invenīre potuerat. Tum lintrem dēdūxit, et ventum nactus idōneum post breve tempus ad īnsulam pervēnit. Ubi ex incolīs cōgnōvit quō in locō bovēs essent, in eam partem statim 10 profectus est et ā rēge Gēryone postulāvit ut bovēs sibi trāderentur. Cum tamen ille hōc facere nōllet, Herculēs et rēgem ipsum et Eurytiōnem, quī erat ingentī māgnitūdine corporis, interfēcit.

40. A MIRACULOUS HAIL-STORM

Tum Herculēs bovēs per Hispāniam et Liguriam com15 pellere constituit; postquam igitur omnia parāta sunt,
bovēs ex īnsulā ad continentem trānsportāvit. Ligurēs
autem, gens bellicosissima, dum ille per fīnīs eorum iter
facit, māgnās copiās coegērunt atque eum longius progredī prohibēbant. Herculēs māgnam difficultātem
20 habēbat, barbarī enim in locīs superioribus constiterant
et saxa tēlaque in eum coniciēbant. Ille quidem paene
omnem spem salūtis dēposuerat, sed tempore opportūnissimo Iuppiter imbrem lapidum ingentium ē caelo
dēmīsit. Hī tantā vī cecidērunt ut māgnum numerum
25 Ligurum occīderint; ipse tamen Herculēs (ut in tālibus
rēbus accidere consuēvit) nihil incommodī cēpit.

41. THE PASSAGE OF THE ALPS

Postquam Ligurēs hōc modō superātī sunt, Herculēs quam celerrimē prōgressus est et post paucōs diēs ad Alpīs pervēnit. Necesse erat hās trānsīre, ut in Ītaliam bovēs ageret; rēs tamen summae erat difficultātis. Hī enim montēs, quī ūlteriōrem ā citeriōre Galliā dīvidunt, 5 nive perennī sunt tēctī; quam ob causam neque frūmentum neque pābulum in hīs regiōnibus invenīrī potest. Herculēs igitur antequam ascendere coepit, māgnam cōpiam frūmentī et pābulī comparāvit et hōc commeātū bovēs onerāvit. Postquam in hīs rēbus trīs diēs cōnsūmp- 10 serat, quartō diē profectus est, et contrā omnium opīni-ōnem bovēs incolumīs in Ītaliam trādūxit.

42. CACUS STEALS THE OXEN

Brevī tempore ad flūmen Tiberim vēnit. Tum tamen nūlla erat urbs in eō locō, Rōma enim nōndum condita erat. Herculēs itinere fessus cōnstituit ibi paucōs diēs 15 morārī, ut sē ex labōribus recreāret. Haud procul ā valle ubi bovēs pāscēbantur spēlunca erat, in quā Cācus, horribile mōnstrum, tum habitābat. Hīc speciem terribilem praebēbat, nōn modo quod ingentī māgnitūdine corporis erat, sed quod īgnem ex ōre exspīrābat. Cācus 20 autem dē adventū Herculis fāmam accēperat; noctū igitur vēnit, et dum Herculēs dormit, quattuor pulcherrimōrum boum abripuit. Hōs caudīs in spēluncam trāxit, nē Herculēs ē vestīgiīs cōgnōscere posset quō in locō cēlātī essent.

43. HERCULES DISCOVERS THE THEFT

Posterō diē simul atque ē somnō excitātus est, Herculēs fūrtum animadvertit et bovēs āmissōs omnibus locīs quaerēbat. Hōs tamen nūsquam reperīre poterat, nōn modo quod locī nātūram īgnōrābat, sed quod vestīgiīs 5 falsīs dēceptus est. Tandem cum māgnam partem diēī frūstrā cōnsūmpsisset, cum reliquīs bōbus prōgredī cōnstituit. At dum proficīscī parat, ūnus ē bōbus quōs sēcum habuit mūgīre coepit. Subitō iī quī in spēluncā inclūsī erant mūgītum reddidērunt, et hōc modō Herculem certiōrem fēcērunt quō in locō cēlātī essent. Ille vehementer īrātus ad spēluncam quam celerrimē sē contulit, ut praedam reciperet. At Cācus saxum ingēns ita dēiēcerat ut aditus spēluncae omnīnō obstruerētur.

44. HERCULES AND CACUS

Herculēs cum nūllum alium introitum reperīre posset, 15 hōc saxum āmovēre cōnātus est, sed propter ēius māgnitūdinem rēs erat difficillima. Diū frūstrā labōrābat neque quicquam efficere poterat; tandem tamen māgnō cōnātū saxum āmōvit et spēluncam patefēcit. Ibi āmissōs bovēs māgnō cum gaudiō cōnspēxit; sed Cācum ipsum 20 vix cernere potuit. quod spēlunca replēta erat fūmō quem ille mōre suō ēvomēbat. Herculēs inūsitātā speciē turbātus breve tempus haesitābat; mox tamen in spēluncam inrūpit et collum mōnstrī bracchiīs complexus est. Ille etsī multum repūgnāvit, nūllō modō sē līberāre 25 potuit, et cum nūlla facultās respīrandī darētur, mox exanimātus est.

45. ELEVENTH LABOR: THE GOLDEN APPLES OF THE HESPERIDES

Eurystheus postquam bovēs Gērvonis accēpit, laborem undecimum Herculi imposuit, graviorem quam quos suprā nārrāvimus. Mandāvit enim eī ut aurea poma ex horto Hesperidum auferret. Hesperides autem nymphae erant quaedam förmä praestantissimä, quae in terrä 5 longinguā habitābant, et guibus aurea guaedam poma ā Iūnone commissa erant. Multī homines aurī cupiditāte inductī haec pēma auferre iam anteā cēnātī erant. Rēs tamen difficillima erat, namque hortus in quō pōma erant mūrō ingentī undique circumdatus erat; praetereā dracō 10 quidam cui centum erant capita portam horti diligenter custodiebat. Opus igitur quod Eurystheus Herculi imperāverat erat summae difficultātis, non modo ob causās quās memorāvimus, sed etiam quod Herculēs omnīnō īgnorābat quo in loco hortus ille situs esset. 15

46. HERCULES ASKS AID OF ATLAS

Herculēs quamquam quiētem vehementer cupiēbat, tamen Eurystheō pārēre constituit, et simul ac iūssa ēius accēpit, proficīscī mātūrāvit. Ā multīs mercātoribus quaesīverat quō in locō Hesperidēs habitārent, nihil tamen certum reperīre potuerat. Frūstrā per multās 20 terrās iter fēcit et multa perīcula subiit; tandem, cum in hīs itineribus tōtum annum consūmpsisset, ad extrēmam partem orbis terrārum, quae proxima est Ōccanō, pervēnit. Hīc stābat vir quīdam, nomine Atlās, ingentī māgnitūdine corporis, quī caelum (ita trāditum est) 25 umerīs suīs sustinēbat, nē in terram dēcideret. Herculēs tantās vīrīs māgnopere mīrātus statim in conloquium

cum Atlante vēnit, et cum causam itineris docuisset, auxilium ab eō petiit.

47. HERCULES BEARS UP THE HEAVENS

Atlās autem Herculī māximē prodesse potuit; ille enim cum ipse esset pater Hesperidum, certo scīvit quo in 5 loco esset hortus. Postquam igitur audīvit quam ob causam Herculēs vēnisset, "Ipse," inquit, "ad hortum ībo et fīliābus meīs persuādēbo ut poma suā sponte trādant." Herculēs cum haec audīret, māgnopere gāvīsus est; vim enim adhibēre noluit, sī rēs aliter fierī posset. Oconstituit igitur oblātum auxilium accipere. Atlās tamen postulāvit ut, dum ipse abesset, Herculēs caelum umerīs sustinēret. Hōc autem negotium Herculēs libenter suscēpit, et quamquam rēs erat summī laboris, totum pondus caelī continuos complūrīs dies solus sustinēbat.

48. THE RETURN OF ATLAS

Atlās intereā abierat et ad hortum Hesperidum, quī pauca mīlia passuum aberat, sē quam celerrimē contulerat. Eō cum vēnisset, causam veniendī exposuit et fīliās suās vehementer hortātus est ut pōma trāderent. 20 Illae diū haerēbant; nōlēbant enim hōc facere, quod ab ipsā Iūnōne (ita ut ante dictum est) hōc mūnus accēpissent. Atlās tamen aliquandō iīs persuāsit ut sibi pārērent, et pōma ad Herculem rettulit. Herculēs intereā cum plūrīs diēs exspectāvisset neque ūllam fāmam 25 dē reditū Atlantis accēpisset, hāc morā graviter commōtus est. Tandem quīntō diē Atlantem vīdit redeuntem, et mox māgnō cum gaudiō pōma accēpit; tum, postquam grātiās prō tantō beneficiō ēgit, ad Graeciam proficīscī mātūrāvit.

49. TWELFTH LABOR: CERBERUS THE THREE-HEADED DOG

Postquam aurea pōma ad Eurystheum relāta sunt, unus modo relinquēbātur ē duodecim labōribus quōs Pythia Herculī praecēperat. Eurystheus autem cum Herculem māgnopere timēret, eum in aliquem locum mittere volēbat unde numquam redīre posset. Negōtium 5 igitur eī dedit ut canem Cerberum ex Orcō in lucem traheret. Hōc opus omnium difficillimum erat, nēmō enim umquam ex Orcō redierat. Praetereā Cerberus iste mōnstrum erat horribilī speciē, cui tria erant capita serpentibus saevīs cincta. Antequam tamen dē hōc labōre 10 nārrāmus, nōn aliēnum vidētur, quoniam dē Orcō mentionem fēcimus, pauca dē eā regione proponere.

50. CHARON'S FERRY

Dē Orcō, quī īdem Hādēs appellābātur, haec trāduntur. Ut quisque dē vītā dēcesserat, mānēs ēius ad Orcum, sēdem mortuōrum, ā deō Mercuriō dēdūcēbantur. Hūius 15 regiōnis, quae sub terrā fuisse dīcitur, rēx erat Plūtō, cui uxor erat Prōserpina, Iovis et Cereris fīlia. Mānēs igitur ā Mercuriō dēductī prīmum ad rīpam veniēbant Stygis flūminis, quō rēgnum Plūtōnis continētur. Hōc trānsīre necesse erat antequam in Orcum venīre possent. 20 Cum tamen in hōc flūmine nūllus pōns factus esset, mānēs trānsvehēbantur ā Charonte quōdam, quī cum parvā scaphā ad rīpam exspectābat. Charōn prō hōc officiō mercēdem postulābat, neque quemquam, nisi hōc praemium prius dedisset, trānsvehere volēbat. Quam 25 ob causam mōs erat apud antīquōs nummum in ōre

mortuī pōnere eō cōnsiliō, ut cum ad Stygem vēnisset, pretium trāiectūs solvere posset. Iī autem quī post mortem in terrā nōn sepultī erant Stygem trānsīre nōn potuērunt, sed in rīpā per centum annōs errāre coāctī 5 sunt; tum dēmum Orcum intrāre licuit.

51. THE REALM OF PLUTO

Ut autem mānēs Stygem hōc modō trānsierant, ad alterum veniēbant flūmen, quod Lēthē appellābātur. Ex hōc flūmine aquam bibere cōgēbantur; quod cum fēcissent, rēs omnīs in vītā gestās ē memoriā dēpōnēbant. 10 Dēnique ad sēdem ipsīus Plūtōnis veniēbant, cūius introitus ā cane Cerberō custōdiēbātur. Ibi Plūtō nigrō vestītū indūtus cum uxōre Prōserpinā in soliō sedēbat. Stābant etiam nōn procul ab eō locō tria alia solia, in quibus sedēbant Mīnōs, Rhadamanthus, Aeacusque, iūdicēs apud īnferōs. Hī mortuīs iūs dīcēbant et praemia poenāsque cōnstituēbant. Bonī enim in Campōs Ēlysiōs, sēdem beātōrum, veniēbant; improbī autem in Tartarum mittēbantur ac multīs et variīs suppliciīs ibi excruciābantur.

52. HERCULES CROSSES THE STYX

20 Herculēs postquam imperia Eurystheī accēpit, in Lacōniam ad Taenarum statim sē contulit; ibi enim spēlunca erat ingentī māgnitūdine, per quam, ut trādēbātur, hominēs ad Orcum dēscendēbant. Eō cum vēnisset, ex incolīs quaesīvit quō in locō spēlunca illa sita 25 esset; quod cum cōgnōvisset, sine morā dēscendere cōnstituit. Nec tamen sōlus hōc iter faciēbat, Mercurius enim et Minerva sē eī sociōs adiūnxerant. Ubi ad rīpam Stygis vēnit, Herculēs scapham Charontis cōnscendit, 1

ut ad ülteriörem rīpam trānsīret. Cum tamen Herculēs vir esset ingentī māgnitūdine corporis, Charōn solvere nōlēbat; māgnopere enim verēbātur nē scapha sua tantō pondere onerāta in mediō flūmine mergerētur. Tandem tamen minīs Herculis territus Charōn scapham solvit, et 5 eum incolumem ad ülteriōrem rīpam perdūxit.

53. THE LAST LABOR IS ACCOMPLISHED

Postquam flümen Stygem höc modö tränsiit, Hercules in sēdem ipsīus Plūtonis vēnit; et postquam causam veniendī docuit, ab eō petīvit ut Cerberum auferre sibi liceret. Plūto, qui de Hercule famam acceperat, eum 10 benigne excepit, et facultatem quam ille petebat libenter dedit. Postulāvit tamen ut Herculēs ipse, cum imperāta Eurystheī fēcisset, Cerberum in Orcum rūrsus redūceret. Hercules hoc pollicitus est, et Cerberum, quem non sine māgnō perīculō manibus prehenderat, summō cum 15 labore ex Orco in lucem et ad urbem Eurysthei trāxit. Eō cum vēnisset, tantus timor animum Eurystheī occupăvit ut ex ătrio statim refugerit; cum autem paulum sē ex timore recepisset, multīs cum lacrimīs obsecrāvit Herculem ut monstrum sine morā in Orcum re-20 Sīc contrā omnium opīnionem duodecim illī labores quos Pythia praeceperat intra duodecim annos confecti sunt; quae cum ita essent, Hercules servitute tandem līberātus māgnō cum gaudiō Thēbās rediit.

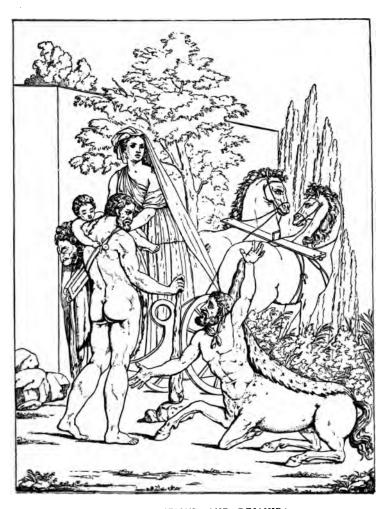

54. THE CENTAUR NESSUS

Posteā Herculēs multa alia praeclāra perfēcit, quae 25 nunc perscrībere longum est. Tandem iam aetāte prōvectus Dēianīram, Oeneī fīliam, in mātrimōnium dūxit;

post tamen trīs annōs accidit ut puerum quendam, cui nōmen erat Eunomus, cāsū occīderit. Cum autem mōs esset ut sī quis hominem cāsū occīdisset, in exsilium īret, Herculēs cum uxōre suā ē fīnibus ēius cīvitātis exīre 5 mātūrāvit. Dum tamen iter faciunt, ad flūmen quoddam pervēnērunt in quō nūllus pōns erat; et dum quaerunt quōnam modō flūmen trānseant, accurrit centaurus Nessus, quī viātōribus auxilium obtulit. Herculēs igitur uxōrem suam in tergum Nessī imposuit; tum ipse flūmen trānāvit. Nessus autem paulum in aquam prōgressus ad rīpam subitō revertēbātur et Dēianīram auferre cōnābātur. Quod cum animadvertisset Herculēs, īrā graviter commōtus arcum intendit et pectus Nessī sagittā trānsfīxit.

55. THE POISONED ROBE

Nessus igitur sagittā Herculis trānsfīxus moriēns humī iacēbat; at nē occāsionem suī ulcīscendī dīmitteret, ita locūtus est: "Tū, Dēianīra, verba morientis audī. Sī amōrem marītī tuī cōnservāre vīs, hunc sanguinem qui nunc è pectore meo effunditur sume ac repone; tum, 20 sī umquam in suspīcionem tibi vēnerit, vestem marītī hōc sanguine īnficiēs." Haec locūtus Nessus animam efflāvit: Dēianīra autem nihil malī suspicāta imperāta fēcit. Paulō post Herculēs bellum contrā Eurytum. rēgem Oechaliae, suscēpit; et cum rēgem ipsum cum 25 fīliīs interfēcisset, Iolēn ēius fīliam captīvam sēcum redūxit. Antequam tamen domum vēnit, nāvem ad Cēnaeum promunturium appulit, et in terram ēgressus āram constituit, ut Iovī sacrificāret. Dum tamen sacrificium parat, Licham comitem suum domum mīsit, quī

HERCULES, NESSUS, AND DEJANIRA

	•		

vestem albam referret; mõs enim erat apud antīquōs, dum sacrificia facerent, albam vestem gerere. At Dēianīra verita nē Herculēs amōrem ergā Iolēn habēret, vestem priusquam Lichae dedit, sanguine Nessī īnfēcit.

56. THE DEATH OF HERCULES

Herculēs nihil malī suspicāns vestem quam Lichās 5 attulerat statim induit; paulō post tamen dolōrem per omnia membra sēnsit, et quae causa esset ēius reī māgnopere mirābātur. Dolōre paene exanimātus vestem dētrahere cōnātus est; illa tamen in corpore haesit, neque ūllō modō abscindī potuit. Tum dēmum Herculēs 10 quasi furōre impulsus in montem Oetam sē contulit, et in rogum, quem summā celeritāte exstrūxit, sē imposuit. Hōc cum fēcisset, eōs quī circumstābant ōrāvit ut rogum quam celerrimē succenderent. Omnēs diū recūsābant; tandem tamen pāstor quīdam ad misericordiam inductus 15 īgnem subdidit. Tum, dum omnia fūmō obscūrantur, Herculēs dēnsā nūbe vēlātus ā Iove in Olympum abreptus est.

THE ARGONAUTS

The celebrated voyage of the Argonauts was brought about in this way. Pelias had expelled his brother Aeson from his kingdom in Thessaly, and had determined to take the life of Jason, the son of Aeson. Jason, however, escaped and grew up to manhood in another country. At last he returned to Thessaly; and Pelias, fearing that he might attempt to recover the kingdom, sent him to fetch the Golden Fleece from Colchis, supposing this to be an impossible feat. Jason with a band of heroes set sail in the ship Argo (called after Argus, its builder), and after many adventures Here Aeētes, king of Colchis, who was reached Colchis. unwilling to give up the Fleece, set Jason to perform what seemed an impossible task, namely to plough a field with certain fire-breathing oxen, and then to sow it with dragon's teeth. Medēa, however, the daughter of the king, assisted Jason by her skill in magic, first to perform the task appointed, and then to procure the Fleece. She then fled with Jason, and to delay the pursuit of her father, sacrificed her brother Absyrtus. After reaching Thessaly, Medēa caused the death of Pelias and was expelled from the country with her husband. They removed to Corinth, and here Medēa becoming jealous of Glauce, daughter of Creon, caused her death by means of a poisoned robe. She was afterward carried off in a chariot sent by the sungod, and a little later Jason was accidentally killed.

57. THE WICKED UNCLE

Erant ölim in Thessaliā duo frātrēs, quōrum alter Acsōn, Peliās alter appellābātur. Aesōn prīmō rēgnum obtinuerat; at post paucōs annōs Peliās rēgnī cupiditāte adductus nōn modo frātrem suum expulit, sed etiam in animō habēbat Iāsonem, Aesonis fīlium, interficere. 5 Quīdam tamen ex amīcīs Aesonis, ubi sententiam Peliae cōgnōvērunt, puerum ē tantō perīculō ēripere cōnstituērunt. Noctū igitur Iāsonem ex urbe abstulērunt, et cum posterō diē ad rēgem rediissent, eī renūntiāvērunt puerum mortuum esse. Peliās cum hōc audīvisset, etsī ro rē vērā māgnum gaudium percipiēbat, speciem tamen dolōris praebuit et quae causa esset mortis quaesīvit. Illī autem cum bene intellegerent dolōrem ēius falsum esse, nesciō quam fābulam dē morte puerī finxērunt.

58. A FATEFUL ACCIDENT

Post breve tempus Peliās, veritus nē rēgnum suum 15 tantā vī et fraude occupātum āmitteret, amīcum quendam Delphōs mīsit, quī ōrāculum cōnsuleret. Ille igitur quam celerrimē Delphōs sē contulit et quam ob causam vēnisset dēmōnstrāvit. Respondit ōrāculum nūllum esse in praesentiā perīculum; monuit tamen Peliam ut sī 20 quis ūnum calceum gerēns venīret, eum cavēret. Post paucīs annīs accidit ut Peliās māgnum sacrificium factūrus esset; nūntiōs in omnīs partīs dīmīserat et certam diem conveniendī dīxerat. Diē cōnstitūtā māgnus hominum numerus undique ex agrīs convēnit; in hīs autem 25 vēnit etiam Iāsōn, quī ā pueritiā apud centaurum quen-

dam habitāverat. Dum tamen iter facit, ūnum ē calceīs in trānseundō nesciō quō flūmine āmīsit.

59. THE GOLDEN FLEECE

Iāsōn igitur cum calceum āmissum nūllō modō recipere posset, ūnō pede nūdō in rēgiam pervēnit. Quem 5 cum Peliās vīdisset, subitō timōre adfectus est; intellēxit enim hunc esse hominem quem ōrāculum dēmōnstrāvisset. Hōc igitur cōnsilium iniit. Rēx erat quīdam Aeētēs, quī rēgnum Colchidis illō tempore obtinēbat. Huic commissum erat vellus illud aureum quod Phrixus 10 ōlim ibi relīquerat. Cōnstituit igitur Peliās Iāsonī negōtium dare ut hōc vellere potīrētur; cum enim rēs esset māgnī perīculī, eum in itinere peritūrum esse spērābat. Iāsonem igitur ad sē arcessīvit, et eum cohortātus quid fierī vellet docuit. Ille etsī intellegēbat rem esse difficilīts limam, negōtium libenter suscēpit.

60. THE BUILDING OF THE GOOD SHIP ARGO

Cum tamen Colchis multörum dierum iter ab eö locō abesset, sölus Iāsön proficīscī nōluit. Dīmīsit igitur nūntiōs in omnīs partīs, quī causam itineris docērent et diem certam conveniendī dīcerent. Intereā, postquam 20 omnia quae sunt ūsuī ad armandās nāvīs comportārī iussit, negōtium dedit Argō cuidam, quī summam scientiam nauticārum rērum habēbat, ut nāvem aedificāret. In hīs rēbus circiter decem diēs cōnsūmptī sunt; Argus enim, quī operī praeerat, tantam dīligentiam adhibēbat 25 ut nē nocturnum quidem tempus ad labōrem intermitteret. Ad multitūdinem hominum trānsportandam nāvis paulō erat lātior quam quibus in nostrō marī ūtī cōn-

suēvimus, et ad vim tempestātum perferendam tōta ē rōbore facta est.

61. THE ANCHOR IS WEIGHED

Intereā is diēs appetēbat quem Iāsōn per nūntiōs ēdixerat, et ex omnibus regiōnibus Graeciae multī, quōs aut reī novitās aut spēs glōriae movēbat, undique conveniēbant. Trāditum est autem in hōc numerō fuisse Herculem, dē quō suprā multa perscrīpsimus, Orpheum, citharoedum praeclārissimum, Thēseum, Castorem, multōsque aliōs quōrum nōmina sunt nōtissima. Ex hīs Iāsōn quōs arbitrātus est ad omnia perīcula subeunda 10 parātissimōs esse, eōs ad numerum quīnquāgintā dēlēgit et sociōs sibi adiūnxit; tum paucōs diēs commorātus, ut ad omnīs cāsūs subsidia comparāret, nāvem dēdūxit, et tempestātem ad nāvigandum idōneam nactus māgnō cum plausū omnium solvit.

62. A FATAL MISTAKE

Haud multō post Argonautae (ita enim appellābantur quī in istā nāvī vehēbantur) īnsulam quandam, nōmine Cyzicum, attigērunt; et ē nāvī ēgressī ā rēge illīus regiōnis hospitiō exceptī sunt. Paucās hōrās ibi commorātī ad sōlis occāsum rūrsus solvērunt; sed postquam pauca 20 mīlia passuum prōgressī sunt, tanta tempestās subitō coorta est ut cursum tenēre nōn possent, et in eandem partem īnsulae unde nūper profectī erant māgnō cum perīculō dēicerentur. Incolae tamen, cum nox esset obscūra, Argonautās nōn āgnōscēbant, et nāvem inimī-25 cam vēnisse arbitrātī arma rapuērunt et eōs ēgredī prohibēbant. Ācriter in lītore pūgnātum est, et rēx ipse, quī cum aliīs dēcucurrerat, ab Argonautīs occīsus est.

Mox tamen, cum iam dīlūcēsceret, sēnsērunt incolae sē errāre et arma abiēcērunt; Argonautae autem cum rēgem occīsum esse vidērent, māgnum dolōrem percēpērunt.

63. THE LOSS OF HYLAS

Postrīdiē ēius diēī Iāson tempestātem satis idoneam esse arbitrātus (summa enim tranquillitās iam consecūta erat), ancorās sustulit, et pauca mīlia passuum progressus ante noctem Mysiam attigit. Ibi paucās horās in ancorīs exspectāvit; ā nautīs enim cognoverat aquae copiam quam sēcum habērent iam dēficere, quam ob causam quīdam ex Argonautīs in terram ēgressī aquam quaerēbant. Horum in numero erat Hylās quīdam, puer formā praestantissimā. Quī dum fontem quaerit, ā comitibus paulum sēcesserat. Nymphae autem quae fontem colēbant, cum iuvenem vīdissent, eī persuādēre conātae sunt ut sēcum manēret; et cum ille negāret sē hoc factūrum esse, puerum vī abstulērunt.

Comitēs ēius postquam Hylam āmissum esse sēnsērunt, māgnō dolōre adfectī diū frūstrā quaerēbant. Herzo culēs autem et Polyphēmus, quī vestīgia puerī longius secūtī erant, ubi tandem ad lītus rediērunt, Iāsonem solvisse cōgnōvērunt.

64. DIFFICULT DINING

Post haec Argonautae ad Thrāciam cursum tenuērunt, et postquam ad oppidum Salmydēssum nāvem appulē-25 runt, in terram ēgressī sunt. Ibi cum ab incolīs quaesīssent quis rēgnum ēius regiōnis obtinēret, certiōrēs factī sunt Phīneum quendam tum rēgem esse. Cōgnōvērunt etiam hunc caecum esse et dīrō quōdam suppliciō adficī. quod ölim sē crūdēlissimum in fīliös suös praebuisset. Cūius supplicī hōc erat genus. Missa erant ā Iove mönstra quaedam speciē horribilī, quae capita virginum, corpora volucrum habēbant. Hae volucrēs, quae Harpyiae appellābantur, Phīneō summam molestiam adferēbant; quotiēns enim ille accubuerat, veniēbant et cibum appositum statim auferēbant. Quō factum est ut haud multum abesset quīn Phīneus famē morerētur.

65. THE DELIVERANCE OF PHINEUS

Rēs igitur male sē habēbat cum Argonautae nāvem appulērunt. Phīneus autem simul atque audīvit eos in 10 suos fīnīs egressos esse, magnopere gavīsus est. Sciebat enim quantam opīnionem virtūtis Argonautae habērent, nec dubitābat quīn sibi auxilium ferrent. Nüntium igitur ad nāvem mīsit, quī Iāsonem sociosque ad rēgiam Eō cum vēnissent, Phīneus dēmōnstrāvit 15 quantō in perīculō suae rēs essent, et prōmīsit sē māgna praemia datūrum esse, sī illī remedium repperissent. Argonautae negōtium libenter suscēpērunt, et ubi hōra vēnit, cum rēge accubuērunt; at simul ac cēna apposita est. Harpyiae cenāculum intrāverunt et cibum auferre 20 conabantur. Argonautae primum gladiis volucres petierunt: cum tamen viderent hoc nihil prodesse, Zetes et Calais, quī ālīs erant īnstrūctī, in āera sē sublevāvērunt, ut desuper impetum facerent. Quod cum sensissent Harpyiae, rei novitāte perterritae statim aufūge-25 runt, neque posteā umquam rediērunt.

66. THE SYMPLEGADES

Hōc factō Phīneus, ut pro tanto beneficio meritam

grātiam referret, Iāsonī dēmonstrāvit quā ratione Symplēgadēs vītāre posset. Symplēgadēs autem duae erant rūpēs ingentī māgnitūdine, quae ā Iove positae erant eō consilio, ne quis ad Colchida perveniret. Hae parvo 5 intervāllō in marī natābant, et sī quid in medium spatium vēnerat, incrēdibilī celeritāte concurrēbant. Postquam igitur ā Phīneō doctus est quid faciendum esset, Iāsōn sublātīs ancorīs nāvem solvit, et lēnī ventō provectus mox ad Symplegades appropinguavit. Tum in prora 10 stāns columbam quam in manū tenēbat ēmīsit. rēctā viā per medium spatium volāvit, et priusquam rūpēs conflixerunt, incolumis evasit cauda tantum āmissā. Tum rūpēs utrimque discessērunt; antequam tamen rūrsus concurrerent, Argonautae, bene intellegen-15 tes omnem spem salūtis in celeritate positam esse, summā vī rēmīs contendērunt et nāvem incolumem perdūxērunt. Hōc factō dīs grātiās māximās ēgērunt, quōrum auxiliō ē tantō perīculō ēreptī essent; omnēs enim sciēbant non sine auxilio deorum rem tam felīciter 20 ēvēnisse.

67. A HEAVY TASK

Brevī intermissō spatiō Argonautae ad flūmen Phāsim vēnērunt, quod in fīnibus Colchōrum erat. Ibi cum nāvem appulissent et in terram ēgressī essent, statim ad rēgem Aeētem sē contulērunt et ab eō postulāvērunt ut 25 vellus aureum sibi trāderētur. Ille cum audīvisset quam ob causam Argonautae vēnissent, īrā commōtus est et diū negābat sē vellus trāditūrum esse. Tandem tamen, quod sciēbat Iāsonem nōn sine auxiliō deōrum hōc negōtium suscēpisse, mūtātā sententiā prōmīsit sē vellus

trāditūrum, sī Iāsōn labōrēs duōs difficillimōs prius perfēcisset; et cum Iāsōn dīxisset sē ad omnia perīcula subeunda parātum esse, quid fierī vellet ostendit. Prīmum iungendī erant duo taurī speciē horribilī, quī flammās ex ōre ēdēbant; tum hīs iūnctīs ager quīdam arandus erat 5 et dentēs dracōnis serendī. Hīs audītīs Iāsōn etsī rem esse summī perīculī intellegēbat, tamen, nē hanc occāsi-ōnem reī bene gerendae āmitteret, negōtium suscēpit.

68, THE MAGIC OINTMENT

Mēdēa, rēgis fīlia, Iāsonem adamāvit, et ubi audīvit eum tantum perīculum subitūrum esse, rem aegrē ferē- 10 bat. Intellegebat enim patrem suum hunc laborem proposuisse eō ipsō cōnsiliō, ut Iāsōn morerētur. Quae cum ita essent, Mēdēa, quae summam scientiam medicīnae habēbat, hoc consilium iniit. Mediā nocte insciente patre ex urbe ēvāsit, et postquam in montīs fīnitimos vēnit, 15 herbās quāsdam carpsit; tum sūcō expressō unguentum parāvit quod vī suā corpus aleret nervosque confirmāret. Hōc factō Iāsonī unguentum dedit; praecēpit autem ut eō diē quō istī laborēs conficiendi essent corpus suum et arma māne oblineret. Iāson etsī paene omnibus homini- 20 bus māgnitūdine et vīribus corporis antecellēbat (vīta enim omnis in vēnātiönibus atque in studiō reī mīlitāris consumebatur), tamen hoc consilium non neglegendum esse cēnsēbat.

69. THE SOWING OF THE DRAGON'S TEETH

Ubi is dies vēnit quem rēx ad arandum agrum ēdīx-25 erat, Iāson ortā lūce cum sociīs ad locum constitūtum sē contulit. Ibi stabulum ingēns repperit, in quo taurī erant inclūsī; tum portīs apertīs tauros in lūcem trāxit,

et summā cum difficultāte iugum imposuit. At Aeētēs cum vidēret taurōs nihil contrā Iāsonem valēre, māgnopere mīrātus est; nesciēbat enim fīliam suam auxilium eī dedisse. Tum Iāsōn omnibus aspicientibus agrum sarāre coepit, quā in rē tantam dīligentiam praebuit ut ante merīdiem tōtum opus cōnfēcerit. Hōc factō ad locum ubi rēx sedēbat adiit et dentīs dracōnis postulāvit; quōs ubi accēpit, in agrum quem arāverat māgnā cum dīligentiā sparsit. Hōrum autem dentium nātūra roerat tālis ut in eō locō ubi sēmentēs factae essent virī armātī mīrō quōdam modō gīgnerentur.

70. A STRANGE CROP

Nondum tamen Iāson totum opus confecerat; imperaverat enim eī Aeētēs ut armātōs virōs quī ē dentibus gignerentur sölus interficeret. Postquam igitur omnīs 15 dentīs in agrum sparsit, Iāson lassitūdine exanimātus quietī se trādidit, dum virī istī gīgnerentur. Paucās horās dormiēbat, sub vesperum tamen ē somnō subitō excitātus rem ita ēvēnisse ut praedictum esset cognovit; nam in omnibus agrī partibus virī ingentī māgnitūdine cor-20 poris gladiīs galeīsque armātī mīrum in modum ē terrā oriēbantur. Hōc cōgnitō Iāsōn cōnsilium quod dedisset Mēdēa non omittendum esse putābat. Saxum igitur ingēns (ita enim Mēdēa praecēperat) in mediōs virōs coniecit. Illi undique ad locum concurrerunt, et cum 25 quisque sibi id saxum nesciō cūr habēre vellet, māgna Mox strictīs gladiīs inter sē controversia orta est. pūgnāre coepērunt, et cum hōc modō plūrimi occisi essent, reliqui vulneribus confecti a Iasone nullo negotio interfecti sunt.

71. THE FLIGHT OF MEDEA

Rēx Aeētēs ubi Iāsonem laborem propositum confēcisse cognovit, īrā graviter commotus est; id enim per dolum factum esse intellegēbat; nec dubitābat quīn Mēdēa eī auxilium tulisset. Mēdēa autem cum intellegeret sē in māgnō fore perīculō sī in rēgiā manēret, fugā 5 salūtem petere constituit. Omnibus rebus igitur ad fugam parātīs mediā nocte īnsciente patre cum frātre Absyrtō ēvāsit, et quam celerrimē ad locum ubi Argō subducta erat sē contulit. Eō cum vēnisset, ad pedēs Iāsonis sē proiēcit, et multīs cum lacrimīs eum obsecrā- 10 vit në in tanto discrimine mulierem desereret quae ei tantum profuisset. Ille quod memoria tenebat se per ēius auxilium ē māgno perīculo ēvāsisse, libenter eam excepit, et postquam causam veniendi audivit, hortatus est në patris îram timëret. Promisit autem së quam 15 prīmum eam in nāvī suā āvectūrum.

72. THE SEIZURE OF THE FLEECE

Postrīdiē ēius diēī Iāsōn cum sociīs suīs ortā lūce nāvem dēdūxit, et tempestātem idōneam nactī ad eum locum rēmīs contendērunt, quō in locō Mēdēa vellus cēlātum esse dēmōnstrābat. Cum eō vēnissent, Iāsōn in 20 terram ēgressus est, et sociīs ad mare relictīs, quī praesidiō nāvī essent, ipse cum Mēdēā in silvās sē contulit. Pauca mīlia passuum per silvam prōgressus vellus quod quaerēbat ex arbore suspēnsum vīdit. Id tamen auferre erat summae difficultātis; nōn modo enim locus ipse 25 ēgregiē et nātūrā et arte erat mūnītus, sed etiam dracō quīdam speciē terribilī arborem custōdiēbat. Tum Mēdēa, quae, ut suprā dēmōnstrāvimus, medicīnae summam

scientiam habuit, rāmum quem dē arbore proximā dērīpuerat venēnō īnfēcit. Hōc factō ad locum appropinquāvit, et dracōnem, quī faucibus apertīs ēius adventum exspectābat, venēnō sparsit; deinde, dum dracō somnō 5 oppressus dormit, Iāsōn vellus aureum dē arbore dēripuit et cum Mēdēā quam celerrimē pedem rettulit.

73. THE RETURN TO THE ARGO

Dum autem ea geruntur, Argonautae, quī ad mare relictī erant, ānxiō animō reditum Iāsonis exspectābant; id enim negōtium summī esse perīculī intellegēbant. 10 Postquam igitur ad occāsum sōlis frūstrā exspectāvērunt, dē ēius salūte dēspērāre coepērunt, nec dubitābant quīn aliquī cāsus accidisset. Quae cum ita essent, mātūrandum sibi cēnsuērunt, ut ducī auxilium ferrent; sed dum proficīscī parant, lūmen quoddam subitō cōnspiciunt mīrum in modum intrā silvās refulgēns, et māgnopere mīrātī quae causa esset ēius reī ad locum concurrunt. Quō cum vēnissent, Iāsonī et Mēdēae advenientibus occurrērunt, et vellus aureum lūminis ēius causam esse cōgnōvērunt. Omnī timōre sublātō māgnō cum gaudiō ducem suum excēpērunt, et dīs grātiās māximās ēgērunt quod rēs tam fēlīciter ēvēnisset.

74. THE PURSUIT

Hīs rēbus gestīs omnēs sine morā nāvem rūrsus conscendērunt, et sublātīs ancorīs prīmā vigiliā solvērunt; neque enim satis tūtum esse arbitrātī sunt in eo loco manēre. At rēx Aeētēs, quī iam ante inimīco in eos fuerat animo, ubi cognovit filiam suam non modo ad

Argonautās sē recēpisse sed etiam ad vellus auferendum auxilium tulisse, hōc dolōre gravius exārsit. Nāvem longam quam celerrimē dēdūcī iussit, et mīlitibus impositīs fugientīs īnsecūtus est. Argonautae, quī rem in discrīmine esse bene sciēbant, omnibus vīribus rēmīs 5 contendēbant; cum tamen nāvis quā vehēbantur ingentī esset māgnitūdine, nōn eādem celeritāte quā Colchī prōgredī poterant. Quō factum est ut minimum abesset quīn ā Colchīs sequentibus caperentur, neque enim longius intererat quam quō tēlum adicī posset. At 10 Mēdēa cum vīdisset quō in locō rēs essent, paene omnī spē dēpositā īnfandum hōc cōnsilium cēpit.

75. A FEARFUL EXPEDIENT

Erat in nāvi Argonautārum fīlius quīdam rēgis Aeētae, nomine Absyrtus, quem, ut suprā dēmonstrāvimus, Mēdēa ex urbe fugiēns sēcum abdūxerat. Hunc puerum 15 Mēdēa interficere constituit eo consilio, ut membrīs ēius in mare coniectīs cursum Colchōrum impedīret; certō enim sciebat Aeetem, cum membra fīlī vīdisset, non longius prosecuturum esse. Neque opinio Mēdēam fefellit, omnia enim ita ēvēnērunt ut spērāverat. Aeētēs ubi 20 prīmum membra vīdit, ad ea conligenda nāvem tenērī iussit. Dum tamen ea geruntur, Argonautae non intermisso rēmigandī labore mox ē conspectu hostium auferēbantur, neque prius fugere destiterunt quam ad flumen Ēridanum pervēnērunt. Aeētēs nihil sibi profutūrum 25 esse arbitrātus sī longius progressus esset, animo dēmisso domum revertit, ut fili corpus ad sepultūram daret.

76. THE BARGAIN WITH PELIAS

Tandem post multa perīcula Iāsōn in eundem locum pervēnit unde profectus erat. Tum ē nāvī ēgressus ad rēgem Peliam, quī rēgnum adhūc obtinēbat, statim sē contulit, et vellere aureō mōnstrātō ab eō postulāvit ut 5 rēgnum sibi trāderētur; Peliās enim pollicitus erat, sī Iāsōn vellus rettulisset, sē rēgnum eī trāditūrum. Postquam Iāsōn quid fierī vellet ostendit, Peliās prīmō nihil respondit, sed diū in eādem trīstitiā tacitus permānsit; tandem ita locūtus est: "Vidēs mē aetāte iam esse cōnfofectum, neque dubium est quīn diēs suprēmus mihi appropinquet. Liceat igitur mihi, dum vīvam, hōc rēgnum obtinēre; cum autem tandem dēcesserō, tū mihi succēdēs." Hāc ōrātiōne adductus Iāsōn respondit sē id factūrum quod ille rogāsset.

17. MAGIC ARTS

cupiditāte adducta mortem rēgī per dolum īnferre constituit. Hōc constitūtō ad fīliās rēgis vēnit atque ita locūta est: "Vidētis patrem vestrum aetāte iam esse confectum neque ad laborem rēgnando perferendum 20 satis valēre. Vultisne eum rūrsus iuvenem fierī?" Tum fīliae rēgis ita respondērunt: "Num hōc fierī potest? Quis enim umquam ē sene iuvenis factus est?" At Mēdēa respondit: "Mē medicīnae summam habēre scientiam scītis. Nunc igitur vōbīs dēmonstrābō quō 25 modō haec rēs fierī possit." Postquam fīnem loquendī fēcit, arietem aetāte iam confectum interfēcit et membra ēius in vāse aēneō posuit, atque īgnī suppositō in aquam herbās quāsdam infūdit. Tum, dum aqua effer-

vēsceret, carmen magicum cantābat. Mox aries ē vāse exsiluit et vīribus refectīs per agrōs currēbat.

78. A DANGEROUS EXPERIMENT

Dum fīliae rēgis hōc mīrāculum stupentēs intuentur. Mēdēa ita locūta est: "Vidētis quantum valeat medicīna. Vos igitur, sī vultis patrem vestrum in adulēscentiam 5 reducere, id quod fēcī ipsae faciētis. Vos patris membra in vās conicite; ego herbās magicās praebēbō." Quod ubi audītum est, fīliae rēgis consilium quod dedisset Mēdēa non omittendum putāvērunt. Patrem igitur Peliam necaverunt et membra eius in vas aeneum conie- 10 cērunt; nihil autem dubitābant quīn hōc māximē eī prōfutūrum esset. At rēs omninō aliter ēvēnit ac spērāverant, Mēdēa enim non eāsdem herbās dedit quibus ipsa ūsa erat. Itaque postquam diū frūstrā exspectāvērunt, patrem suum rē vērā mortuum esse intellēxērunt. Hīs 15 rēbus gestīs Mēdēa sē cum coniuge suo rēgnum acceptūram esse spērābat; sed cīvēs cum intellegerent quō modō Peliās periisset, tantum scelus aegrē tulērunt. Itaque Iāsone et Mēdēā ē rēgnō expulsīs Acastum rēgem creāvērunt. 20

79. A FATAL GIFT

Iāsōn et Mēdēa ē Thessaliā expulsī ad urbem Corinthum vēnērunt, cūius urbis Creōn quīdam rēgnum tum obtinēbat. Erat autem Creontī fīlia ūna, nōmine Glaucē. Quam cum vīdisset, Iāsōn cōnstituit Mēdēae uxōrī suae nūntium mittere eō cōnsiliō, ut Glaucēn in mātrimōnium 25 dūceret. At Mēdēa ubi intellēxit quae ille in animō habēret, īrā graviter commōta iūre iūrandō cōnfīrmāvit sē tantam iniūriam ultūram. Hōc igitur cōnsilium cēpit.

Vestem parāvit summā arte textam et varīs colōribus īnfectam; hanc mortiferō quōdam venēnō tinxit, cūius vīs tālis erat ut sī quis eam vestem induisset, corpus ēius quasi īgnī ūrerētur. Hōc factō vestem ad Glaucēn 5 mīsit; illa autem nihil malī suspicāns dōnum libenter accēpit, et vestem novam mōre fēminārum statim induit.

80. MEDEA KILLS HER SONS

Vix vestem induerat Glaucē cum dolorem gravem per omnia membra sēnsit, et paulo post crūdēlī cruciātū adfecta ē vītā excessit. Hīs rēbus gestīs Mēdēa furōre atque 10 āmentiā impulsa fīlios suos necāvit; tum māgnum sibi fore perīculum arbitrāta sī in Thessaliā manēret, ex eā regione fugere constituit. Hoc constituto solem oravit ut in tantō perīculō auxilium sibi praebēret. Sol autem hīs precibus commōtus currum mīsit cui erant iūnctī 15 draconės alis instructi. Medea non omittendam tantam occāsionem arbitrāta currum ascendit, itaque per āera vecta incolumis ad urbem Athēnās pervēnit. Iāson ipse brevī tempore mīrō modō occīsus est. Accidit sīve cāsū sīve consilio deorum ut sub umbrā nāvis suae, quae in 20 lītus subducta erat, dormīret. Mox nāvis, quae adhūc ērēcta steterat, in eam partem ubi Iāson iacēbat subitō dēlapsa virum īnfēlīcem oppressit.

MEDEA MEDITATING THE MURDER OF HER SONS

ULYSSES

Ulysses, a famous Greek hero, took a prominent part in the long siege of Troy. After the fall of the city, he set out with his followers on his homeward voyage to Ithaca, an island of which he was king; but being driven out of his course by northerly winds, he was compelled to touch at the country of the Lotus-eaters, who are supposed to have lived on the north coast of Africa. Some of his comrades were so delighted with the lotus fruit that they wished to remain in the country, but Ulysses compelled them to embark again and continued his voyage. He next came to the island of Sicily, and fell into the hands of the giant Polyphēmus, one of the Cyclopes. After several of his comrades had been killed by this monster, Ulysses made his escape by stratagem and reached the country of the winds. Here he received the help of Aeolus, king of the winds, and having set sail again, arrived within sight of Ithaca; but owing to the folly of his companions, the winds became suddenly adverse and he was again driven back. He then touched at an island which was the home of Circe, a powerful enchantress, who exercised her charms on his companions and turned them into swine. By the help of the god Mercury, Ulysses not only escaped this fate himself, but also forced Circe to restore her victims to human shape. After staying a year with Circe, he again set out and eventually reached his home.

81. HOMEWARD BOUND

Urbem Trōiam ā Graecīs decem annōs obsessam esse satis constat; de hoc enim bello Homerus, maximus poētīrum Graecōrum, Īliadem opus nōtissimum scrīpsit. Troiā tandem per īnsidiās captā, Graecī longo bello fessī domum redīre mātūrāvērunt. Omnibus rēbus igitur ad 5 profectionem paratis navis deduxerunt, et tempestatem idoneam nactī māgno cum gaudio solvērunt. Erat inter prīmos Graecorum Ulixēs quidam, vir summae virtūtis ac prūdentiae, quem dīcunt nonnūllī dolum istum excogitāsse quō Trōiam captam esse constat. Hīc rēgnum 10 insulae Ithacae obtinuerat, et paulo antequam cum reliquis Graecis ad bellum profectus est, puellam formosissimam, nomine Penelopen, in matrimonium duxerat. Nunc igitur cum iam decem annos quasi in exsilio consūmpsisset, māgnā cupiditāte patriae et uxoris videndae 15 ārdēbat.

82. THE LOTUS-EATERS

Postquam tamen pauca mīlia passuum ā lītore Trōiae prōgressī sunt, tanta tempestās subitō coorta est ut nūlla nāvium cursum tenēre posset, sed aliae aliās in partīs disicerentur. Nāvis autem quā ipse Ulixēs vehē-20 bātur vī tempestātis ad merīdiem dēlāta decimō diē ad lītus Libyae appulsa est. Ancorīs iactīs Ulixēs cōnstituit nōnnūllōs ē sociīs in terram expōnere, quī aquam ad nāvem referrent et quālis esset nātūra ēius regiōnis cōgnōscerent. Hī igitur ē nāvī ēgressī imperāta facere 25 parābant. Dum tamen fontem quaerunt, quibusdam ex incolīs obviam factī ab iīs hospitiō acceptī sunt. Accidit autem ut māior pars vīctūs eōrum hominum in mīrō

quodam frūctū quem lotum appellābant consisteret. Quam cum Graecī gustāssent, patriae et sociorum statim oblītī confīrmāvērunt sē semper in eā terrā mānsūros, ut dulcī illo cibo in perpetuum vēscerentur.

83. THE RESCUE

5 Ulixēs cum ab hōrā septimā ad vesperum exspectāsset, veritus nē sociī suī in perīculō versārentur, nōnnūllōs
ē reliquīs mīsit, ut quae causa esset morae cōgnōscerent.
Hī igitur in terram expositī ad vīcum quī nōn longē
aberat sē contulērunt; quō cum vēnissent, sociōs suōs
10 quasi vīnō ēbriōs repperērunt. Tum ubi causam veniendī docuērunt, iīs persuādēre cōnābantur ut sēcum ad
nāvem redīrent. Illī tamen resistere ac manū sē dēfendere coepērunt, saepe clāmitantēs sē numquam ex eō
locō abitūrōs. Quae cum ita essent, nūntiī rē īnfectā ad
15 Ulixem rediērunt. Hīs rēbus cōgnitīs ipse cum omnibus
quī in nāvī relictī erant ad locum vēnit; et sociōs suōs
frūstrā hortātus ut suā sponte redīrent, manibus eōrum
post terga vinctīs invītōs ad nāvem reportāvit. Tum
ancorīs sublātīs quam celerrimē ē portū solvit.

84. THE ONE-EYED GIANT

Postquam eā tōtā nocte rēmīs contendērunt, postrīdiē ad terram īgnōtam nāvem appulērunt. Tum, quod nātūram ēius regionis īgnorābat, ipse Ulixēs cum duodecim ē sociīs in terram ēgressus loca explorāre constituit. Paulum ā lītore progressī ad spēluncam ingentem pervēnērunt, quam habitārī sēnsērunt; ēius enim introitum et nātūrā locī et manū mūnītum esse animadvertērunt. Mox, etsī intellegēbant sē non sine perīculo id factūros, spēluncam intrāvērunt; quod cum fēcissent,

māgnam copiam lactis in vāsīs ingentibus conditam invenerunt. Dum tamen mīrantur quis in eā sēde habitāret, sonitum terribilem audīvērunt, et oculīs ad portam tortīs monstrum horribile vīdērunt, hūmānā quidem speciē et figūrā, sed ingentī māgnitūdine corporis. Cum sautem animadvertissent monstrum ūnum oculum tantum habēre in mediā fronte positum, intellēxērunt hunc esse ūnum ē Cyclopibus, dē quibus fāmam iam accēperant.

85. THE GIANT'S SUPPER

Cyclopēs autem pāstorēs erant quīdam quī īnsulam 10 Siciliam et praecipuē montem Aetnam incolēbant; ibi enim Volcānus, praeses fabrorum et īgnis repertor, cūius servī Cyclopēs erant, officīnam suam habēbat.

Graecī igitur simul ac mönstrum vīdērunt, terrore paene exanimātī in interiörem partem spēluncae refūgē- 15 runt et sē ibi abdere conābantur. Polyphēmus autem (sīc enim Cyclops appellābātur) pecus suum in spēluncam compulit; deinde, cum saxō ingentī portam obstrūxisset, īgnem in mediā spēluncā fēcit. Hōc factō, oculō omnia perlüstrābat, et cum sēnsisset hominēs in interiore 20 parte spēluncae esse abditos, māgnā voce exclāmāvit: "Quī hominēs estis? Mercātōrēs an latronēs?". Tum Ulixēs respondit sē neque mercātōrēs esse neque praedandī causā vēnisse; sed ā Trōiā redeuntīs vī tempestātum ā rēctō cursū dēpulsōs esse. Orāvit etiam ut sibi 25 sine iniūria abīre licēret. Tum Polyphēmus quaesīvit ubi esset nāvis quā vectī essent; sed Ulixēs cum sibi māximē praecavendum esse bene intellegeret, respondit nāvem suam in rūpīs coniectam omnīnō frāctam esse. Polyphēmus autem nūllo responso dato duo ē sociīs manū 30

corripuit, et membrīs eōrum dīvulsīs carnem dēvorāre coepit.

86. A DESPERATE SITUATION

Dum haec geruntur, Graecorum animos tantus terror occupāvit ut nē vocem quidem ēdere possent, sed omnī 5 spē salūtis dēpositā mortem praesentem exspectārent. Polyphēmus, postquam famēs hāc tam horribilī cēnā dēpulsa est, humī prostrātus somno sē dedit. Quod cum vīdisset Ulixēs, tantam occāsionem reī gerendae non omittendam arbitrātus, in eo erat ut pectus monstrī 10 gladio transfigeret. Cum tamen nihil temere agendum existimāret, constituit explorare, antequam hoc faceret. quā ratione ex spēluncā ēvādere possent. At cum saxum animadvertisset quo introitus obstrūctus erat, nihil sibi pröfutürum intellexit sī Polyphēmum interfecisset. 15 Tanta enim erat ēius saxī māgnitūdō ut nē ā decem quidem hominibus āmovērī posset. Quae cum ita essent, Ulixes hoc conatu destitit et ad socios rediit; qui cum intellēxissent quō in locō rēs essent, nūllā spē salūtis oblātā dē fortūnīs suīs dēspērāre coepērunt. Ille tamen 20 nē animos dēmitterent vehementer hortātus est; dēmonstravit se iam antea e multīs et magnīs perīculīs ēvāsisse, neque dubium esse quīn in tantō discrīmine dī auxilium lātūrī essent.

87. A PLAN FOR VENGEANCE

Ortā lūce Polyphēmus iam ē somnō excitātus idem 25 quod hesternō diē fēcit; correptīs enim duōbus ē reliquīs virīs carnem eōrum sine morā dēvorāvit. Tum, cum saxum āmōvisset, ipse cum pecore suō ex spēluncā prōgressus est; quod cum Graecī vidērent, māgnam in spem

sē post paulum ēvāsūrōs vēnērunt. Mox tamen ab hāc spē repulsī sunt; nam Polyphēmus, postquam omnēs ovēs exiērunt, saxum in locum restituit. Reliquī omnī spē salūtis dēpositā lāmentīs lacrimīsque sē dēdidērunt; Ulixēs vērō, quī, ut suprā dēmōnstrāvimus, vir māgnī 5 fuit cōnsilī, etsī intellegēbat rem in discrīmine esse, nōndum omnīnō dēspērābat. Tandem, postquam diū haec tōtō animō cōgitāvit, hōc cōnsilium cēpit. Ē līgnīs quae in spēluncā reposita erant pālum māgnum dēlēgit. Hunc summā cum dīligentiā praeacūtum fēcit; tum, 10 postquam sociīs quid fierī vellet ostendit, reditum Polyphēmī exspectābat.

88. A GLASS TOO MUCH

Sub vesperum Polyphēmus ad spēluncam rediit, et eodem modo quo antea cenavit. Tum Ulixes utrem vīnī prompsit, quem forte (id quod ei erat salūtī) 15 sēcum attulerat; et postquam māgnum pōculum vīnō complēvit, monstrum ad bibendum provocāvit. Polyphēmus, qui numquam anteā vinum gustāverat, tōtum pōculum statim exhausit; quod cum fēcisset, tantam voluptātem percēpit ut iterum et tertium pōculum re-20 Tum, cum quaesīvisset quō nōmine plērī iusserit. Ulixës appellarëtur, ille respondit së Nëminem appellārī; quod cum audīvisset, Polyphēmus ita locūtus est: "Hanc tibi grātiam pro tanto beneficio referam; tē postrēmum omnium dēvorābō." Hōc cum dīxisset, cibō 25 vīnoque gravis recubuit et brevī tempore somno oppressus est. Tum Ulixēs sociīs convocātīs, "Habēmus," inquit, "quam petiimus facultātem; nē igitur tantam occāsionem reī gerendae omittāmus."

89. THE BLINDING OF POLYPHEMUS

Hāc ōrātione habitā, postquam extrēmum pālum īgnī calefēcit, oculum Polyphēmī dormientis ferventī līgnō perfodit; quo facto omnes in diversas speluncae partis se abdidērunt. At ille subitō illō dolōre oculī ē somnō 5 excitātus clāmōrem terribilem sustulit, et dum per spēluncam errat, Ulixem manū prehendere conābātur; cum tamen iam omnīnō caecus esset, nūllō modō hōc efficere potuit. Intereā reliquī Cyclopēs clāmore audītō undique ad spēluncam convēnērunt, et ad introi-10 tum adstantēs quid Polyphēmus ageret quaesīvērunt, et quam ob causam tantum clāmorem sustulisset. spondit së graviter vulnerātum esse et māgnō dolōre adficī. Cum tamen posteā quaesīvissent quis eī vim intulisset, respondit ille Nēminem id fēcisse; quibus rēbus 15 audītīs ūnus ē Cyclopibus: "At sī nēmo," inquit, "tē vulnerāvit, haud dubium est quīn consilio deorum, quibus resistere nec possumus nec volumus, hōc suppliciō adficiāris." Hōc cum dīxisset, abiērunt Cyclopēs eum in īnsāniam incidisse arbitrātī.

90. THE ESCAPE

Polyphēmus ubi sociōs suōs abiisse sēnsit, furōre atque āmentiā impulsus Ulixem iterum quaerere coepit; tandem cum portam invēnisset, saxum quō obstrūcta erat āmōvit, ut pecus in agrōs exīret. Tum ipse in introitū cōnsēdit, et ut quaeque ovis ad hunc locum vē-25 nerat, ēius tergum manibus trāctābat, nē virī inter ovīs exīre possent. Quod cum animadvertisset Ulixēs, intellēxit omnem spem salūtis in dolō magis quam in virtūte pōnī. Itaque hōc cōnsilium iniit. Prīmum trīs quās

vīdit pinguissimās ex ovibus dēlēgit, quās cum inter sē vīminibus coniūnxisset, ūnum ex sociīs suīs ventribus eārum ita subiēcit ut omnīnō latēret; deinde ovīs hominem sēcum ferentīs ad portam ēgit. Id accidit quod fore suspicātus erat. Polyphēmus enim postquam terga 5 ovium manibus trāctāvit, eās praeterīre passus est. Ulixēs ubi rem tam fēlīciter ēvēnisse vīdit, omnīs sociōs suōs ex ōrdine eōdem modō ēmīsit; quō factō ipse novissimus ēvāsit.

91. OUT OF DANGER

Hīs rēbus ita confectīs, Ulixes veritus ne Polyphe-10 mus fraudem sentīret, cum sociīs quam celerrimē ad lītus contendit; quō cum vēnissent, ab iīs quī nāvī praesidiō relictī erant māgnā cum laetitiā exceptī sunt. Hī enim cum ānxiīs animīs iam trīs dies continuos reditum eōrum exspectāvissent, eōs in aliquod perīculum 15 māgnum incidisse (id quidem quod erat) suspicātī, ipsī auxiliandī causā ēgredī parābant. Tum Ulixēs non satis tūtum arbitrātus in eō locō manērē, quam celerrimē proficīscī constituit. Iussit igitur omnīs nāvem conscendere, et ancorīs sublātīs paulum ā lītore in altum provectus 20 Tum māgnā voce exclāmāvit: "Tū, Polyphēme, qui iūra hospitī spernis, iūstam et dēbitam poenam immānitātis tuae solvistī." Hāc võce audītā Polyphēmus īrā vehementer commōtus ad mare sē contulit, et ubi nāvem paulum ā lītore remotam esse intellēxit, saxum 25 ingēns manū correptum in eam partem coniēcit unde vōcem venīre sēnsit. Graecī autem, etsī non multum āfuit quin submergerentur, nullo damno accepto cursum tenuērunt.

92. THE COUNTRY OF THE WINDS

Pauca mīlia passuum ab eō locō prōgressus Ulixēs ad īnsulam Aeoliam nāvem appulit. Haec patria erat ventōrum.

"Hīc vāstō rēx Aeolus antrō

luctantīs ventōs tempestātēsque sonōrās 5 imperio premit ac vinclis et carcere frenat." Ibi rēx ipse Graecos hospitio excēpit, atque iīs persuāsit ut ad recuperandās vīrīs paucōs dies in eā regione commorārentur. Septimo die cum sociī e laboribus se rece-10 pissent, Ulixēs, nē annī tempore ā nāvigātione exclūderētur, sibi sine morā proficīscendum statuit. Aeolus, qui sciebat Ulixem cupidissimum esse patriae videndae, eī iam profectūrō māgnum saccum ē coriō quō ventōs confectum dedit, in omnīs 15 ūnum inclūserat. Zephvrum tantum solverat, quod ille ventus ab īnsulā Aeoliā ad Ithacam nāvigantī est secundus. Ulixēs hōc dōnum libenter accēpit, et grātiīs prō tantō beneficiō āctīs saccum ad mālum adligāvit. omnibus rēbus ad profectionem parātīs merīdiāno ferē 20 tempore ē portū solvit.

93. THE WIND-BAG

Novem diēs secundissimō ventō cursum tenuērunt, iamque in cōnspectum patriae suae vēnerant, cum Ulixēs lassitūdine cōnfectus (ipse enim gubernābat) ad quiētem capiendam recubuit. At sociī, quī iam 25 dūdum mīrābantur quid in illō saccō inclūsum esset, cum ducem somnō oppressum vidērent, tantam occāsiōnem nōn omittendam arbitrātī sunt; crēdēbant enim aurum et argentum ibi esse cēlāta. Itaque spē

lucrī adductī saccum sine morā solvērunt, quō factō ventī "velut āgmine factō

quā data porta ruunt, et terrās turbine perflant."
Hīc tanta tempestās subitō coorta est ut illī cursum tenēre nōn possent sed in eandem partem unde erant 5 profectī referrentur. Ulixēs ē somnō excitātus quō in locō rēs esset statim intellēxit; saccum solūtum, Ithacam post tergum relictam vīdit. Tum vērō īrā vehementer exārsit sociōsque obiūrgābat quod cupiditāte pecūniae adductī spem patriae videndae prōiēcissent.

94. A DRAWING OF LOTS

Brevī spatio intermisso Graecī īnsulae cuidam appropinguāvērunt in quā Circē, fīlia Solis, habitābat. Quō cum nāvem appulisset, Ulixēs in terram frūmentandī causā ēgrediendum esse statuit; nam cognoverat frūmentum quod in nāvī habērent iam dēficere. Sociīs 15 igitur ad sē convocātīs quō in locō rēs esset et quid fierī vellet ostendit. Cum tamen omnēs memoriā tenērent quam crūdēlī morte necātī essent iī quī nūper ē nāvī ēgressī essent, nēmo repertus est qui hoc negotium suscipere vellet. Quae cum ita essent, res ad con-20 troversiam deducta est. Tandem Ulixes consensu omnium socios in duās partīs dīvīsit, quārum alterī Eurylochus, vir summae virtūtis, alterī ipse praeesse. Tum hī inter sē sortītī sunt uter in terram ēgrederētur. factō, Eurylochō sorte ēvēnit ut cum duōbus et vīgintī 25 sociis rem susciperet.

95. THE HOUSE OF THE ENCHANTRESS

Hīs rēbus ita constitūtīs iī quī sortītī erant in interiorem partem īnsulae profectī sunt. Tantus tamen timor

animos eorum occupaverat ut nihil dubitarent quin morti obviam irent. Vix quidem poterant ii qui in nāvī relictī erant lacrimās tenēre; crēdēbant enim sē sociōs suōs numquam post hōc tempus vīsūrōs. 5 autem aliquantum itineris progressi ad villam quandam pervēnērunt summā māgnificentiā aedificātam, cūius ad ōstium cum adiissent, cantum dulcissimum audīvērunt. Tanta autem fuit ēius vocis dulcēdo ut nūllo modo retinērī possent guīn iānuam pulsārent. Hōc factō ipsa 10 Circe foras exiit, et summa cum benignitate omnis in hospitium invītāvit. Eurylochus īnsidiās sibi comparārī suspicātus forīs exspectāre constituit, sed reliquī reī novitāte adductī intrāvērunt. Cēnam māgnificam omnibus rēbus īnstrūctam invēnērunt et iūssū dominae libentis-15 simē accubuērunt. At Circe vinum quod servi apposuērunt medicāmentō quōdam miscuerat; quod cum Graecī bibissent, gravī somnō subitō oppressī sunt.

96. THE CHARM

Tum Circē, quae artis magicae summam scientiam habēbat, baculō aureō quod gerēbat capita eōrum tetizo git; quō factō omnēs in porcōs subitō conversī sunt. Intereā Eurylochus īgnārus quid in aedibus agerētur ad ōstium sedēbat; postquam tamen ad sōlis occāsum ānxiō animō et sollicitō exspectāvit, sōlus ad nāvem regredī cōnstituit. Eō cum vēnisset, sollicitūdine ac timōre tam perturbātus fuit ut quae vīdisset vix dīlūcidē nārrāre posset. Ulixēs autem satis intellēxit sociōs suōs in perīculō versārī, et gladiō correptō Eurylochō imperāvit ut sine morā viam ad istam domum dēmōnstrāret. Ille tamen multīs cum lacrimīs Ulixem complexus so obsecrāre coepit nē in tantum perīculum sē committeret;

25

sī quid gravius eī accidisset, omnium salūtem in summō discrīmine futūram. Ulixēs autem respondit sē nēminem invītum sēcum adductūrum; eī licēre, sī māllet, in nāvī manēre; sē ipsum sine ūllō praesidiō rem susceptūrum. Hōc cum māgnā vōce dīxisset, ē nāvī dē- 5 siluit et nūllō sequente sōlus in viam sē dedit.

√ 97. THE COUNTERCHARM

Aliquantum itineris progressus ad villam magnificam pervēnit, quam cum oculīs perlūstrāsset, statim intrāre statuit: intellexit enim hanc esse eandem domum de qua Eurylochus mentionem fecisset. At cum in eo esset ut ro līmen intrāret, subitō eī obviam stetit adulēscēns formā pulcherrimā aureum baculum gerēns. Hīc Ulixem iam domum intrantem manū corripuit et, "Quō ruis?" "Nonne scīs hanc esse Circes domum? Hīc inclūsī sunt amīcī tuī ex hūmānā speciē in porcōs con-15 versī. Num vīs ipse in eandem calamitātem venīre?" Ulixēs simul ac vocem audīvit, deum Mercurium agnovit: nūllīs tamen precibus ab īnstitūtō consilio deterrerī Quod cum Mercurius sēnsisset, herbam quandam eī dedit, quam contrā carmina multum valēre dīcē- 20 "Hanc cape," inquit, "et ubi Circē tē baculō tetigerit, tū strictō gladiō impetum in eam vidē ut faciās." Mercurius postquam fīnem loquendī fēcit.

"mortālīs vīsūs mediō sermōne relīquit, et procul in tenuem ex oculīs ēvānuit auram."

√ 98. THE ENCHANTRESS IS FOILED

Brevī intermissō spatiō Ulixēs ad omnia perīcula subeunda parātus iānuam pulsāvit, et foribus patefactīs ab ipsā Circē benīgnē exceptus est. Omnia eōdem modō atque anteā facta sunt. Cēnam māgnificē īnstrūctam vīdit et accumbere iūssus est. Mox, ubi famēs cibō dēpulsa est, Circē pōculum aureum vīnō replētum Ulixī dedit. Ille etsī suspicātus est venēnum sibi parāstum esse, pōculum exhausit; quō factō Circē postquam caput ēius baculō tetigit, ea verba locūta est quibus sociōs ēius anteā in porcōs converterat. Rēs tamen omnīnō aliter ēvēnit atque illa spērāverat. Tanta enim vīs erat ēius herbae quam Ulixī Mercurius dederat ut no neque venēnum neque verba quicquam efficere possent. Ulixēs autem, ut eī praeceptum erat, gladiō strictō impetum in eam fēcit et mortem minitābātur. Circē cum artem suam nihil valēre sēnsisset, multīs cum lacrimīs eum obsecrāre coepit nē sibi vītam adimeret.

99. MEN ONCE MORE

Ulixes autem ubi sensit eam timore perterritam esse. postulāvit ut sociōs suōs sine morā in hūmānam speciem reduceret (certior enim factus erat a deo Mercurio eos in porcōs conversōs esse); nisi id factum esset, sē dēbitās poenās sūmptūrum ostendit. Circē hīs rēbus graviter 20 commota ei ad pedes se proiecit, et multis cum lacrimis iūre iūrando confirmāvit se quae ille imperasset omnia factūram. Tum porcos in ātrium immittī iussit. datō sīgnō inruērunt, et cum ducem suum agnōvissent. māgnō dolore adfectī sunt quod nūllō modō eum dē rē-25 bus suīs certiorem facere poterant. Circe tamen unguentō quōdam corpora eōrum ūnxit; quō factō sunt omnēs statim in hūmānam speciem reductī. Māgnō cum gaudiō Ulixēs suōs amīcōs āgnōvit, et nūntium ad litus mīsit, quī reliquīs Graecīs sociōs receptōs esse dīceret. 30 Illī autem hīs rēbus cognitīs statim ad domum Circaeam

ı

ULYSSES AND CIRCE

sē contulērunt; quō cum vēnissent, ūniversī laetitiae sē dēdidērunt.

100, AFLOAT AGAIN

Postrīdiē ēius diēī Ulixēs ex hāc īnsulā quam celerrimē discēdere in animō habēbat. Circē tamen cum haec cognovisset, ex odio ad amorem conversa omnibus preci- 5 bus eum ōrāre et obtestārī coepit ut paucōs dies apud sē morārētur; quā rē tandem impetrātā tanta beneficia in eum contulit ut facile eī persuāsum sit ut diūtius manēret. Postquam tamen tōtum annum apud Circēn consumpserat. Ulixes magno desiderio patriae suae 10 motus est. Sociis igitur ad se convocatis quid in animo habēret ostendit. Ubi tamen ad lītus dēscendit, nāvem suam tempestātibus tam adflīctam invēnit ut ad nāvigandum paene inūtilis esset. Hāc rē cognitā omnia quae ad nāvīs reficiendās ūsuī essent comparārī jussit, quā 15 in rē tantam dīligentiam omnēs adhibēbant ut ante tertium diem opus perfecerint. At Circe ubi omnia ad profectionem parata esse vidit, rem aegre ferebat et Ulixem vehementer obsecrābat ut eō cōnsiliō dēsisteret. Ille tamen, në anni tempore a navigatione excluderetur, 20 mātūrandum sibi exīstimāvit, et tempestātem idoneam nactus navem solvit. Multa quidem pericula Ulixi subeunda erant antequam in patriam suam pervenīret, quae tamen hoc loco longum est perscribere.

NOTES

PERSEUS

The numbers refer to the page of text and the line on the page respectively.

- 3. 6. Danas. Many proper names in this book are words borrowed by Latin from Greek, and have forms not given in the regular Latin declensions. It will not be necessary to learn the declension of such words.
 - 7. enim. This word commonly stands second in its clause.
 - turbābat. Notice that this verb and dormiēbat below are in the imperfect tense to denote a state of things existing at the past time indicated by territa est.
 - autem. This word has the same peculiarity of position as enim; so also igitur, which occurs in line 11.
 - 12. Seriphum. Notice that Latin says 'the island Seriphos,' but English more often 'the island of Seriphos.'
 - 13. appulsa est. Postquam is regularly followed by the perfect or present indicative, but the English translation usually requires the pluperfect.
 - 15. quodam. Quidam means 'certain' as applied to some person or thing not fully described, while certus means 'certain' in the sense of 'determined,' 'sure.'
 - ad domum. This means 'to the house'; 'to be brought home' would be domum addūcī, without the preposition.
 - 16. Ille is often used, as here, when the subject is changed to a person mentioned in the preceding sentence. In this use it is to be translated 'he.'

- 3. 18. beneficio. See the derivation of this word in the vocabulary.
 - multos annos. Duration of time is regularly expressed in the accusative case.
 - 22. eam. Latin has no pronoun of the third person, and is often takes the place of one; it is then to be translated 'he,' 'she,' 'it,' 'they,' according to its form.
 - 25. haec. The literal translation would be 'these things,' but we must say 'thus' or 'as follows.'
- 4. 1. es. With iam dudum and similar expressions of duration, the present indicative is often used to denote an action or state begun in the past but continuing in the present. The English equivalent is the perfect.
 - hic, is not the pronoun, but an adverb.
 - mihi. This dative may be translated 'for me.' How would 'to me' with a verb of motion be put?
 - 3. refer. Dīcō, dūcō, faciō, and ferō have the imperative forms dīc, dūc, fac, and fer, instead of dīce, etc.
 - 4. Perseus. When the subordinate and the principal clause of a Latin sentence have the same subject, this usually stands first, followed by the subordinate clause.
 - hace. Here a different rendering is required from that suggested in the note on 3, 25. What is it? Notice that it is necessary to know the literal significance of the Latin words, but that the translation must often be something quite different if it is to be acceptable English. The rule for translation is: Discover the exact meaning of the original; then express the same idea correctly and, if you can, elegantly in the language into which you are translating.
 - 5. continentem. What is the derivation of this word?
 vēnit. Is this present or perfect? How do you know?

- 4. 8. Graeas. The Graeae were three old women who had one eye and one tooth in common, and took turns in using them.
 - 9. galeam. This belonged to Pluto, the god of the underworld of the dead, and whosoever wore it was invisible. The story is that Perseus compelled the Graeae to tell him how to obtain the helps to his enterprise by seizing their tooth and eye.
 - 11. pedibus, 'on his feet,' dative of indirect object.

induit. See the note on 3, 13.

- aera. $\overline{A}\overline{e}r$ is borrowed from Greek, and keeps this Greek form for its accusative.
- volābat. Distinguish between volō, volāre, and volō, velle.
- 13. cēterīs. Cēterī is used to denote all not already named ('the other'), while aliī denotes some of those who have not been already named ('other').
- specië horribili, 'of terrible appearance,' ablative of description. A noun never stands alone in this construction.
 - earum. See the note on 3, 22.
- 15. contecta. This and factae below are used as predicate adjectives, not to form the pluperfect passive with erant. Translate, therefore, 'were covered,' not 'had been covered.'
- 18. vertebantur. The imperfect here denotes customary action, one of its regular uses.
- 19. Ille. See the note on 3, 16.
- 20. hoc modo, ablative of manner.
- 21. vēnit, dormiēbat. The perfect simply expresses an action which took place in past time, the imperfect tells of a state of things existing at that past time.
- 25. fugit. When dum means 'while,' 'as,' it is followed by the present indicative, even when used of past events.

- 4. 26. fecit. Like postquam, ubi has the present or perfect indicative, where English would use the pluperfect.
- 5. 2. illo tempore, ablative of time.
 - regnabat. Observe the force of the tense, and try to find the reason for each change of tense in this paragraph.
 - Hic. This must here be translated simply 'he.' Compare the use of Ille, 3, 16.
 - 4. veniebat. See the note on 4, 18.
 - omnium, 'of all men,' or 'of all.' The adjective is used as a noun, as in the second of the English expressions.
 - oraculum. It was believed in antiquity that the will of the gods and a knowledge of future events might be learned at certain shrines, of which the most famous were those of Apollo at Delphi, of Zeus or Jupiter at Dodona, and of Hammon in Egypt. Hammon was really an Egyptian god, represented as having the horns of a ram, but he was identified by the Greeks with Zeus and by the Romans with Jupiter.
 - filiam. Where there is no ambiguity, the possessive is often omitted in Latin.
 - 8. autem often, as here, simply introduces an explanation ('now').
 - nomine, 'by name.'
 - 9. Cepheus. See the note on Perseus, 4, 4.
 - 10. cīvīs suos, 'his subjects.'
 - 13. certam. See the note on quōdam, 3, 15. Diēs is regularly masculine, but when used of an appointed day it is often feminine.
 - omnia, 'all things,' 'everything,' or 'all.' See the note on omnium, line 6.
 - 16. deplorabant, tenebant. Be careful to show the meaning of the tense by your translation.

- 5. 18. quaerit. The present is often used of a past action instead of the perfect, to bring the action more vividly before us as if it were taking place now This is called the historical present.
 - 19. haec geruntur, 'this is going on.'
 - 20. horribili. Here the adjective is made emphatic by being put before its noun; in 4, 14 the same effect is gained by putting horribili last in its clause.
 - 22. omnibus, dative of indirect object after the compound verb (in+iaciō). Translate 'inspired in all,' but the literal meaning is 'threw into all.'
 - 26. induit. See the note on 3, 13. aera. See the note on 4, 11.
- 6. 2. suo, èius. Distinguish carefully between these words. Suus is used of something belonging to the subject, ēius of something belonging to some other person or thing just mentioned.
 - 5. volat. See the note on 4, 25.
 - sustulit. Notice that the perfect forms of tollo are the same as those of suffero (sub+fero), 'endure.'
 - 8. neque, here to be translated 'and . . . not.' Neque is thus used regularly for et non.
 - 13. exanimăta, used here as a predicate adjective.
 - 16. rettulit. 'To give thanks' or 'thank' is usually grātiās agere, as in 3, 19; grātiam referre means 'to show one's gratitude,' 'to recompense' or 'requite.'
 - 18. dūxit. This word came to mean 'marry,' because the bridegroom 'led' his bride in a wedding procession to his own home. It will be seen, therefore, that it can be used only of the man.
 - Paucos annos. See the note on 3, 20.
 - 20. omnis. What does the quantity of the *i* tell you about the form?
- 7. 1. quod, not the relative pronoun, but a conjunction.

- 7. 3. eo, the adverb.
 - in atrium. Although inrapit means 'burst into,' the preposition is nevertheless required with the noun to express the place into which he burst.
 - 6. ille. See the note on Perseus, 4, 4.
 - 8. Acrisi. In Nepos, Caesar, Cicero, and Vergil, the genitive singular of second-declension nouns in -ius and -ium ends in $\bar{\imath}$, not $i\bar{\imath}$; but the nominative plural ends in $i\bar{\imath}$, and the dative and ablative plural in $i\bar{\imath}s$.
 - istud. Remember that iste is commonly used of something connected with the person addressed. Here the meaning may be 'that oracle I told you of.' See 3, 4.
 - 12. Lārīsam. See the note on 3, 12.
 neque enim, 'for . . . not,' as if simply non enim, but
 Latin uses neque to connect the clauses.
 - 14. in omnis partis, 'in all directions' or 'in every direction.'
 - 15. Multi. See the note on omnium, 5, 6.
 - 17. discorum. The discus was a round, flat piece of stone or metal, and the athletes tried to see who could throw it farthest.
 - 18. casú. This is one of the ablatives of manner that do not take cum.
 - 19. stabat. Notice the tense.

HERCULES

- 9. 2. omnium hominum. This means 'all men' in the sense of 'all mankind.'
 - oderat. \$\overline{O}d\overline{t}\$ is perfect in form, but present in meaning; and the pluperfect has in like manner the force of an imperfect.
 - media nocte, 'in the middle of the night,' 'in the dead of night.'

- 9. 7. Nec tamen, 'not . . . however.' See the note on neque enim, 7, 12.
 - movēbant. Contrast this tense with appropringuaverant and excitati sunt.
 - 13. Tāli $mod\delta = h\bar{o}c \mod \bar{o}$, 4, 20.
 - a puero, 'from a boy,' 'from boyhood.'
 exercebat, the imperfect of customary action, as is also consumebat.
 - 24. autem. See the note on 5, 8.
 - arti, dative of indirect object with the intransitive verb studebat.
- 2. omnibus viribus, 'with all his might,' ablative of manner.
 - 3. ē vītā. Notice that the preposition denoting separation appears both with the noun and in the verb. Compare in ātrium inrāpit, 7. 3.
 - neque quisquam. 'and not any one,' i.e. 'and no one.' Quisquam is used chiefly in negative sentences.
 - 5. voluit, 'was willing.'
 - 7. facit. See the note on 4, 25.
 - 8. nomine. See the note on 5, 8.
 - vir crūdēlissimus, not 'cruelest man,' but 'most cruel man.' The superlative is often thus used to denote simply a high degree of the quality.
 - consueverat. Inceptive verbs end in sco and denote the beginning of an action or state. The perfect and pluperfect of such verbs often represent the state of things resulting from the completion of the action, and are then to be translated as present and imperfect respectively. So consuesco 'I am becoming accustomed,' consuevi = 'I have become accustomed' or 'am accustomed,' consueveram = 'I had become accustomed' or 'was accustomed,'

- 10. 11. sacrificio, 'for the sacrifice,' dative of purpose.
 - ea. Why is dies feminine here? See the note on certam, 5, 13.
 - 12. omnia. See the note on 5, 13.
 - 15. capitibus, dative of indirect object after the compound verb $(in + p\bar{o}n\bar{o})$.
 - 16. iam. The omission of the conjunction that would naturally join this clause with the preceding, and the repetition of iam, which thus in a way connects the two clauses, reflect the imminence of the danger and heighten our anxiety for the hero. Observe too how the tenses of the verbs contribute to the vividness of the picture. We see Hercules at the altar and the priest, knife in hand, about to give the fatal blow.
 - 18. altero. Supply īctū.
 - Thebis, locative case. Notice that some names of towns are plural in form.
 - Thebanis, dative with the adjective finitimi. autem, 'now.'
 - Thebas. Names of towns are used without a preposition to express the place to which.
 - 23. veniëbant, postuläbant, imperfect of customary action.
 - 25. cīvīs suōs, 'his fellow-citizens.' Compare 5, 10. hōc stīpendiō, ablative of separation.
 - 27. atque. This conjunction adds an important statement by way of supplement. Here the meaning is something like 'and not only that, but.'
- 11. 11. conversa. Est and sunt are frequently not expressed with the perfect participle.
 - 17. suös ipse suä. Notice how the enormity of the crime is emphasized by the use of all these words repeating the same idea.
 - oraculum Delphicum. See the note on 5, 6.
 boc oraculum omnium -hoc omnium oraculorum.

- 11. 25. Hōc in templo. Monosyllabic prepositions often stand between the noun and an adjective modifying it.
- 12. 1. qui. Remember that the relative pronoun agrees in gender, number, and person with its antecedent; that its case depends upon its use. How are the person and number of qui shown?
 - 2. hominibus. See the note on 9, 2.
 - 4. neque. See the note on 6, 8.
 - Tiryntha. This is a Greek accusative form. See the note on āera, 4, 11.
 - 10. Duodecim annos, accusative of duration of time.
 - Eurystheo. The English verb 'serve' is transitive, but servio ('be subject to') is intransitive and takes an indirect object.
 - 14. quae. See the note on line 1. What is the case of quae?
 - Primum is chiefly used in enumeration, primo (line 6) in contrasting an action or state with one that follows it.
 - 19. secum. The preposition *cum* follows and is joined to the reflexive and personal pronouns, usually also to the relative pronoun.
 - 22. neque enim. See the note on 7, 12.
 - 26. respirandi, the genitive of the gerund. It modifies facultas. The gerund corresponds to the English verbal noun in -ing.
- 13. 5. Höc. We might expect hace referring to Hydram, but a demonstrative pronoun is commonly attracted into the gender of the predicate noun (here mönstrum).
 - cui erant, 'which had,' literally 'to which there were.'
 This construction is found only with sum. It is called the dative of possession.
 - 8. res. In rendering this word choose always with great freedom the most suitable English word.

- 13. 8. māgni periculi. We say 'one of great danger.'
 - 9. ēius. What possessive would be used to modify sinistrā?
 - 11. hoc conatu, ablative of separation.
 - 14. comprehenderunt. See the note on 3, 13. unde=ex quibus.
 - 16. auxilio Hydrae, 'to the aid of the Hydra,' but literally 'for aid (i.e. as aid) to the Hydra,' for Hydrae is dative. This is called the double dative construction, auxilio the dative of purpose, and Hydrae the dative of reference, i.e. the dative denoting the person interested.
 - 17. abscidit. See the note on 4, 25. mordēbat, 'kept biting,' the imperfect of repeated action.
 - 18. tālī modō. See the note on 9, 13. interfēcit. We have now had several verbs meaning 'kill.' Interficiō is the most general of these; necō (line 4) is used of killing by unusual or cruel means, as by poison; occīdō (12,23) is most commonly used of the 'cutting down' of an enemy in battle.
 - reddidit, as well as imbuit, has sagittas for its object, but we must translate as if we had eās with reddidit.
 - 22. ad sē. Compare this construction with the use of the dative in 4, 2. Notice that sē does not refer to Herculem, the subject of referre, but to Eurystheus, the subject of Iussit. When the reflexive thus refers to the subject of the principal verb rather than to the subject of the subordinate verb with which it is directly connected, it is called indirect.
 - tantae audāciae. The genitive of description, like the ablative of description, consists always of a noun with some modifying word. Compare speciē horribilī, 4.14.
 - autem. Compare 5, 8 and 10, 21.
 - 24. incredibili celeritate, ablative of description.

- 13. 25. vestigiis, ablative of means.
 - 26. ipsum, contrasts cervum with vestigiis.
 - 27. omnibus viribus. See the note on 10, 2.
- 14. 1. currebat, 'he kept running.'
 - sibi, dative of reference. It need not be translated.
 - ad quiëtem, 'for rest.' Purpose is frequently thus expressed by ad.
 - 3. cucurrerat. The pluperfect is sometimes used with postquam when the lapse of time is denoted.
 - 4. cursu, ablative of cause.
 - exanimatum = quī exanimātus erat. The participle is often equivalent to a relative clause.
 - 5. rettulit. See the note on 13, 19.
 - 8. rem. See the note on $r\bar{e}s$, 13, 8.
 - aprō, dative of indirect object after the compound verb (ob+currō).
 - 11. timore perterritus. It is not necessary to translate both words.
 - 13. iniëcit, i.e. upon the boar.
 - summa cum difficultate. Compare this with omnibus vīribus, 13, 27, and notice that cum may be omitted with the ablative of manner when there is an adjective. For the position of cum, see the note on 11, 25.
 - 15. ad Eurystheum. We are told elsewhere that Eurystheus was so frightened when he saw the boar that he hid in a cask.
 - vivus. Why have we the nominative here, but the accusative (vivum) in line 5?
 - 17. quarto. The capture of the Erymanthian boar is usually given as the third labor and the capture of the Cerynean stag as the fourth.
 - nārrāvimus. The writer sometimes uses the first person plural in speaking of himself, instead of the first

- person singular. This is called the plural of modesty, and is the same as the English usage.
- 14. 18. in Arcadiam. How does this differ in meaning from in Arcadia?
 - 20. appeteret. The subjunctive introduced by cum, 'since,' may express the reason for the action of the main verb.
 - 23. Herculës. See the note on Perseus, 4, 4.
 - 26. quod, conjunction, not pronoun.
 - reliquõs centauros, 'the rest of the centaurs,' 'the other centaurs.' Compare mediā nocte, 9, 5. Notice that reliquā means about the same as cēterā, and see the note on 4, 13.
 - 28. inquit, historical present. This verb is used parenthetically with direct quotations.
- 15. 1. dabo. Notice that Latin is more exact than English in the use of the future tense in subordinate clauses. In English we often use the present in the subordinate clause and leave it to the principal verb to show that the time is future.
 - 7. pervenerunt. See the note on 4, 26.
 - 10. constitit, from consisto, not consto.
 - 16. fugā. Latin says 'by flight,' not 'in flight.'
 - 17. ex spēluncā. See the note on 10, 3.
 - locum, the direct object of Adiit, which is here transitive.
 We might also have ad locum with adeo used intransitively.
- 4. Herculi. See the note on 10, 15.
 laborem. This labor is usually given as the sixth, the destruction of the Stymphalian birds as the fifth.
 - 6. tria mīlia boum, 'three thousand cattle,' literally 'three thousands of cattle.' The partitive genitive is the regular construction with the plural mīlia, but the singular mīlie is commonly used as an adjective.

- like English 'thousand.' Thus 'one thousand cattle' would be mille boves.
- 16. 7. ingentis magnitudinis. See the note on tantae audāciae, 13, 23.
 - 8. neque enim umquam, 'for . . . never.' See the note on neque enim, 7, 12.
 - 11. multae operae. See the note on magni periculi, 13, 8.,
 - 12. duodēvīgintī pedum, i.e. in width.
 - duxit. This word is used with reference to the progress of work on a wall or ditch from one end of it to the other.
 - 15. opus. Compare this word with operae and labore, line 12. Labor is used of heavy or exhausting labor, opera of voluntary exertion or effort, opus of that upon which one labors or of the completed work.
 - 17. imperaverat. This verb takes an indirect object to express the person ordered (ei). The action commanded is expressed by the subjunctive in a clause introduced by ut and used as the object of impero (ut necaret). Notice that this may be translated 'that he should kill' or 'to kill.' Compare now the construction with iubeo, 13, 22, with which the command is expressed by the accusative and infinitive (Herculem referre).
 - carne. Vēscor is an intransitive verb and governs the ablative.
 - 22. appropinguandi. See the note on 12, 26.
 - 23. constitit, from consto. Compare 15, 10. pedibus, 'on foot,' literally 'by his feet.'
 - 25. consumpsisset. The imperfect and pluperfect tenses of the subjunctive are used with cum, 'when,' to describe the circumstances of the action of the main verb. Compare 14, 20, and the note.

- 16. 26. hoc conatu. See the note on 13, 11.
 - 27. peteret. The subjunctive is used with ut to express purpose. The best translation is usually the infinitive ('to ask'), but the Latin infinitive is not used in model prose to express purpose.
- 3. avolarent. This is not subjunctive of purpose, but of result, as is indicated by tam.
 - ex. Compare this with ab, 16, 21, and dē, 16, 13. We commonly translate all of these 'from,' but the real meanings are 'out of,' 'away from,' and 'down from' respectively.

Crētā. See the note on 3, 12.

- 7. esset. See the note on 14, 20.
- 8. insulae, dative with the compound verb $(ad + propinqu\bar{o})$.

 appropinquaret. See the note on 16, 25.
- tanta...ut. Notice how frequently the clause of result is connected with a demonstrative word in the main clause.
- 12. navigandi imperitus, 'ignorant of navigation,' 'inexperienced in sailing.' See the note on 12, 26.
- cum, the conjunction.
 ingent labore. See the note on summā cum difficultāte,
 14, 13.
- 25. ut reduceret. See the note on 16, 27.
- carne. See the note on 16, 19.
 vēscēbantur, imperfect of customary action.
- 18. 3. ut traderentur. Notice that postulo, like impero, takes an object-clause introduced by ut and having its verb in the subjunctive.
 - sibi, the indirect reflexive. See the note on 13, 22.
 - 4. ira... interfecit, 'became furiously angry and killed the king,' literally 'moved by wrath killed the king.' The participle is frequently best rendered by a finite verb.

- 18. 4. cadaver. The subject of an infinitive stands in the accusative case. We might translate here 'and gave orders that his body should be thrown.' See the note on 16, 17.
 - mīra rērum commūtātio. When a noun has both an adjective and a genitive modifier, this order of the words is common.
 - cum cruciatu, ablative of manner.
 necaverat. See the note on interfecit, 13, 18.
 - 10. referēbant. See the note on 6, 16.
 modo. This is the adverb, not a case of modus, the dative and ablative singular of which would be modō.
 Make a practice of carefully observing the quantity of yowels.
 - ôrābant. Notice that this verb, like imperō and postulō, takes ut and the subjunctive.
 - 14. ad nāvigandum. See the note on ad quietem, 14, 1.
 - 16. post, here an adverb of time.
 - 18. dictur. Notice that the Latin construction is personal ('the nation is said to have consisted'), while English commonly has the impersonal construction ('it is said that the nation consisted').
 - 19. reī mīlitāris, 'the art of war.'
 - 25. mandavit. See the note on 16, 17.
 - 26. Amazonibus, dative after the compound verb.
- 19. 1. persuasit. Notice that this verb governs the same construction that we have already found used with impero and mando.
 - 2. sēcum. See the note on 12, 19.
 - 5. appulit. Supply navem.
 - 6. docēret. A clause of purpose is frequently introduced by a relative. Translate like the ut-clause of purpose, here 'to make known,' literally 'who was to make known.'

- 19. 14. māgno intervāllo, ablative of degree of difference.
 - 16. non magna. The effect of the position of these words may be reproduced by translating 'but not a large one.'
 - neutri. The plural is used because the reference is to two parties, each composed of several individuals. 'Neither' of two individuals would be neuter.
 - 17. volebant, dedit. Consider the tenses. Each army waited for some time for the other to cross; finally Hercules gave the signal.
 - 22. occiderint. The perfect subjunctive is sometimes used in result clauses after a past tense in the principal clause. This is contrary to the general principle of the sequence of tenses, which requires the imperfect or pluperfect subjunctive after a past tense, the present or perfect subjunctive after a present or future tense.
 - 23. Viri. Compare this with hominibus, 12, 2.
 - praestabant. Compare the tense with praestiterunt, line 21.
 - 27. neu. As neque or nec is used for 'and not,' so nēve or neu for 'and that not' in an object-clause or a clause of purpose.
- 20. 1. quibus, 'and by these.' The relative is much used in Latin to connect a new sentence with the one preceding. When so used, it is generally best rendered by 'and' or 'but' and a demonstrative or personal pronoun.
 - ita... ut. See the note on 17, 9.
 - essent, most easily explained as the subjunctive of attraction. By this is meant that the verb is attracted into the mood of the clause upon which it depends.

- 4. pūgnātum est, 'the battle raged' or 'they fought,' literally 'it was fought.' Intransitive verbs are often thus used impersonally in the passive, with the subject implied in the verb itself, as pūgnātum est = pūgna pūgnāta est.
 - 11. aestātis, partitive genitive. Notice that multum is used as a noun.
 - 13. nactus. The perfect active participle is wanting in Latin, but the perfect participle of deponent verbs is active in meaning.
 - 24. specië horribili. See the note on 4, 14.
 - 26. timore perterriti. See the note on 14, 11.
 - continebantur, 'kept themselves shut up.' This is the so-called reflexive use of the passive, in which the subject is represented as acting upon itself.
 - pecora. This word is used of herds of cattle, pecudes (line 25) of single animals, especially sheep.
 - 28. commotus consuluit. See the note on 18, 4.
- 21. 3. liberaret. See the note on 16, 27.
 - rāculō. Notice that pārēre is intransitive and has the dative of indirect object, while 'obey' is transitive. It may help to understand the Latin construction if you translate such verbs as pāreō by intransitives, here 'to submit to.'
 - 4. sacrificio. See the note on 10, 11.
 - 5. ipso temporis puncto quo, 'at the very moment when.'
 - 8. egressus. See the note on 20, 13.
 - dē rēbus ... factus est, 'was informed of the state of things,' literally 'was made more certain about the things which were being done.' In what gender, number, person, and case is quae? Give a reason for each.
 - posset. The subjunctive is used because the words of the king are quoted indirectly. He said sī potes, 'if you can.'
 - 19. Ipse. Notice the use of this word in contrasts, fre-

quently, as here, of a person with that which belongs to him or with his subordinates.

- 21. 20. inter se, 'to one another.'
 - 22. esset, subjunctive in an indirect question. The direct form would be Quantum periculum est? ('How great is the danger?').

multās terrās, just as we say 'many lands.'

- 23. Europae. Compare Thebanis, 10, 21.
- 24. in utroque litore, 'on each shore,' 'on both shores.'
- 25. columnas. The ancients believed that the Rock of Gibraltar was the pillar set up by Hercules on the European side.
- 22. 4. tantum, an adverb.
 - 5. dederit. See the note on 19, 22.
 - 9. quo in loco. See the note on 11, 25. essent. See the note on 21, 22.
 - 10. sibi, the indirect reflexive.
 - 12. et . . . et, 'both . . . and.'
 - 18. progredi, 'from proceeding.'
 - 19. prohibebant, 'attempted to prevent,' imperfect of attempted action. Notice that the use of the imperfect to express customary, repeated, or attempted action follows naturally from its use to denote action going on in past time. The present, the tense which denotes action going on in present time, has the same special uses.
 - 20. barbari. This word was used by the Greeks of all other peoples; by the Romans it was used of all but the Greeks and themselves.
 - 24. ceciderunt. Let the quantity of the *i* tell you whether this comes from cadō or caedō. Is occiderint a compound of cadō, or caedō?
 - 25. in talibus rabus, i.e. when a god intervenes in behalf of his favorite.

- 22. 26. nihil incommodi, 'no harm,' literally 'nothing of harm'; incommodi is partitive genitive.
- 23. 2. quam celerrime, 'as rapidly as possible.' Quam with the superlative expresses the highest possible degree.
 - Necesse, predicate adjective with erat, the subject being has transire.
 - citeriore. The Romans called upper Italy Gallia Citerior, 'Hither Gaul,' because it was occupied by Gallic tribes.
 - 6. perenni. Learn the derivation of this word. The meaning of a word may often be seen most easily and remembered most surely by noticing its derivation.

 tecti, used as predicate adjective.
 - copiam. Notice carefully the meaning of this word.
 In what sense have we found the plural copiae used?
 - 10. rēbus, 'preparations.' See the note on rēs, 13, 8. consumpserat. See the note on 14, 3.
 - omnium opinionem. Hitherto we have had opinionem omnium, but here omnium is made emphatic by being placed first.
 - 15. itinere, ablative of cause.
 - fessus, 'since he was weary.' Notice that a Latin adjective or participle must often be expanded into a clause in the translation.
 - Haud = non. It modifies a single word, usually an adjective or adverb.
 - modo. See the note on 18, 10.
 ingenti măgnitūdine. Compare ingentis māgnitūdinis,
 16, 7.
 - boum. Learn the declension of this word from the vocabulary.
 - 24. nē. A negative clause of purpose is introduced by $n\bar{e}$.
- **24.** 2. omnibus locis. Locus modified by an adjective is often used without in in the ablative of place.

24. 3. nusquam. We say 'could not find anywhere,' but Latin prefers to combine the negative with another word.

Notes

- 6. reliquis. See the note on reliquos centauros, 14, 26.
- 7. \bar{e} bobus. Compare boum, 23, 23. With unus the ablative with ex or $d\bar{e}$ is commonly used instead of the partitive genitive.
- 16. neque quicquam. See the note on 10, 4.
- 21. more suo, 'according to his custom.' turbătus, 'was confused . . . and.' See the note on īrā . . . interfēcit, 18, 4.
- 22. in. See the note on in ātrium, 7, 3.
- 25. respirandi. See the note on 12, 26.
- 25. 2. quam quos, for quam eos quos.
 - 11. cui. See the note on cui erant, 13, 5.
 - 12. Herculī imperāverat, 'had enjoined upon Hercules.'
 - 17. Eurystheo. See the note on oraculo, 21, 3.
 - 19. quaesiverat. With this verb the person of whom the question is asked is expressed in the ablative with ab, $d\bar{e}$, or ex.
 - 23. orbis terrārum, 'of the world,' literally 'of the circle of lands.'
 - umeris suis, ablative of means, but we say 'on his shoulders.'
 - nē. See the note on 23, 24.
 - decideret. Notice the force of the prefix $d\bar{e}$.
 - 27. mirātus, 'wondering at.' The perfect participle of deponent verbs is often best rendered into English by a present participle.
- 26. 3. Herculi, dative with prodesse.
 - ille. See the note on Perseus, 4, 4.
 - 4. certo, the adverb.
 - 6. venisset. What would the form be in the direct question?
 - inquit. See the note on 14, 28.

- 26. 7. filiabus. To avoid confusion with the corresponding forms of deus and filius, the dative and ablative plural of dea and filia sometimes end in ābus.
 - sponte. This noun is practically confined to the ablative singular, in prose usually with meā, tuā, or suā, 'of my, your, his own accord.'
 - posset, subjunctive because indirect. The thought of Hercules was sī potest.
 - 11. abesset. This also is indirect, quoting absum.
 - 12. umeris. See the note on 25, 26.
 - pauca milia. Extent of space, like duration of time, is expressed by the accusative.
 passuum. See the note on 16, 6.
 - 21. ita ut, 'as.'
 - accepissent. Hitherto we have found the indicative in causal clauses introduced by quod. The subjunctive indicates that the reason is quoted; the Hesperides said quod accepimus.
 - 28. grātiās ēgit. See the note on 6, 16.
- 27. 2. ē laboribus. See the note on 24, 7.
 - 3. Herculi praeceperat = Herculi imperaverat, 25, 12.
 - posset, subjunctive because it quotes the thought of Eurystheus, poterit.
 - ut... traheret. This clause is not itself the object of dedit, but in apposition with the object (Negotium).
 - 7. omnium, partitive genitive.
 - 11. narramus. The present is sometimes used with antequam to express future action, as in English with 'before.' See the note on 15, 1.
 - aliënum, predicate adjective, the subject of vidētur being pauca...proponere. In the passive video may mean 'be seen,' but it usually means 'seem.'
 - 13. quī īdem, 'which also,' literally 'which the same.'
 - 14. Ut, 'when.'

- 27. 15. dēdūcēbantur, customary action.
 - 19. Stygis flüminis. We say 'river Styx,' but 'Mississippi River.'
 - quō, ablative of means.
 - 20. necesse. See the note on 23, 3.
 possent. The subjunctive is used with antequam to denote that the action is expected or intended.
 - 21. in. We say 'over.'
 - 25. prius. Notice that Latin is here more exact than English, using the comparative because only two actions are spoken of.
 - dedisset, subjunctive because indirect. Charon said nisi dederis (future perfect), non trānsveham, 'unless you first give (shall have given), I will not carry you across.'
- 1. mortuī, used as a noun, 'of the dead man.'
 eō cōnsiliō, 'with this purpose,' 'to this end.' The clause ut... posset is in apposition with cōnsiliō.
 - 6. Ut. Compare 27, 14.
 - 8. quod cum fecissent, 'and when they had done this.' See the note on quibus, 20, 1.
 - 13. Stabant, 'there stood.' What is its subject?
 - 15. mortuis, dative of indirect object.
 - et. Notice that ambiguity is avoided by a change of conjunctions, et connecting the clauses and -que connecting praemia and poenās. Of these connectives, et connects two ideas that are independent of each other and of equal importance; -que denotes a close connection, often of two words that together express a single idea; while ac or atque (see line 18) adds something of greater importance.
 - et. Multī is often joined by et to another adjective modifying the same noun.
 - 24. ex. Compare 25, 18.

- 28. 27. sē sociōs, direct object and predicate accusative respectively.
- 29. 3. nē. After verbs of fearing nē must be rendered 'that,' ut 'that not.' Notice, however, that the negative idea is as clearly present here as in the other clauses introduced by nē that we have met, for Charon wishes that the thing may not happen.
 - 13. fēcisset, indirect for fēceris.
 - 18. refugerit. See the note on 19, 22.
 - 23. quae cum ita essent, 'and this being the case,' 'and so,' literally 'since which things were so.'
 - 24. liberatus. See the note on īrā . . . interfēcit, 18, 4.
 - quae, object of perscribere, which is the subject of est;
 longum is predicate adjective.
 - 26. est. We say 'would be.'
 - aetate, ablative of specification. Translate 'when he was now advanced in age' (i.e. 'late in life'), and see the note on fessus, 23, 15.
- accidit. This is one of several impersonal verbs which take for their subject a clause of result (ut...occiderit).
 - ut . . . iret, a clause of result; used as the subject of esset, mos being predicate.
 - quis. After $s\bar{\imath}$, nisi, $n\bar{e}$, and num, this is not the interrogative, but an indefinite pronoun ('any one').
 - occidisset, indirect for occiderit, which would be the form used in the laws; or it may be explained as subjunctive by attraction to iret.
 - 7. transeant, not 'they are crossing,' but 'they are to cross.' The direct form would be transeamus ('How in the world are we to get across?'), subjunctive because the question expresses doubt. This is called the deliberative subjunctive.
 - 10. progressus, 'after advancing.'

- 30. 11. revertebatur. This verb is deponent in the present, imperfect, and future.
 - 16. humi, locative, 'on the ground.'
 - në. See the note on 23, 24.
 - suī ulcīscendī, 'of avenging himself.' This is called the gerundive construction. It is regularly used instead of the gerund when the gerund would have an accusative object (sē ulcīscendī). Notice that the gerund is a verbal noun; the gerundive a verbal adjective, agreeing with its noun like any other adjective.
 - 17. morientis, 'of a dying man.' Compare mortuī, 28, 1.
 - 18. vis, from volō.
 - 20. sī... vēnerit, 'if you ever suspect him.' What is the literal meaning? Notice that we use the present, while Latin by the use of the future perfect indicates that the action is to precede that of the main clause.
 - 21. inficies. The future indicative is sometimes used, as in English, for the imperative.
 - 22. nihil mali. See the note on 22, 26. suspicata. See the note on 25, 27.
 - 25. Iolen, filiam, captivam, direct object, appositive, and predicate accusative respectively.
 - 26. domum. See the note on ad domum, 3, 15.
- 31. 1. referret. See the note on 19, 6.
 - 2. facerent, subjunctive by attraction. The verb of a clause dependent upon an infinitive is put in the subjunctive when the two clauses are closely connected in thought. We have already met this construction in the case of dependence upon a subjunctive; see the note on 20, 2.
 - gerere. Compare 30, 3. Such phrases as mos est may have as subject either an infinitive or a clause of result.
 - verita. This participle is regularly rendered as present.
 See the note on 29, 3.

- 31.4. vestem. Notice that the position of this word helps to make it clear that it is the object of infecit as well as of dedit.
 - 5. suspicans. This does not differ appreciably in force from suspicata, 30, 22.
 - 8. exanimātus, 'beside himself.'
 - 14. succenderent. Notice the force of the prefix sub in this word and in subdidit below.
 - 15. inductus, 'moved.'

THE ARGONAUTS

- 33.1. alter... alter, 'one... the other.' Remember that this word is used to denote one of two given persons or things. We have in this passage an instance of the chiastic order, in which variety and emphasis are gained by reversing the position of the words in the second of two similar expressions. Here the two names are brought together by this device.
 - rēgnī, objective genitive, i.e. a genitive used to denote the object of the feeling cupiditāte.
 - 6. ex amicis. Quidam, like $\bar{u}nus$, commonly has ex or $d\bar{e}$ and the ablative, instead of the partitive genitive.
 - 10. puerum mortuum esse, 'that the boy was dead,' literally 'the boy to be dead.' This is indirect for Puer mortuus est, 'The boy is dead.' Notice carefully what changes Latin makes in quoting such a statement indirectly, and what the changes are in English. We have already met two constructions of indirect discourse, the subjunctive in indirect questions, and the subjunctive in informal indirect discourse. By the latter is meant a subordinate clause which, though not forming part of a formal quotation, has the subjunctive to show that not the speaker or writer

but some other person is responsible for the idea it expresses (see the notes on *dedisset*, 27, 25, and *occdisset*. 30, 3). In indirect discourse, then, a statement depending upon a verb of saying, thinking, knowing, perceiving, or the like has its verb in the infinitive with the subject in the accusative; a command or question has its verb in the subjunctive; and any clause modifying such a statement, command, or question has its verb in the subjunctive.

- 33. 13. intellegerent. See the note on 14, 20.
 - 14. nesciō quam fābulam, 'some story or other.' Notice that nesciō with the interrogative pronoun is equivalent to an indefinite pronoun.
 - 19. oraculum. Read again the description beginning at the bottom of page 11.
 - 21. quis. See the note on 30, 3.
 - Post paucis annis, 'a few years later,' literally 'later by a few years.' Post is here an adverb, and paucis annis ablative of degree of difference. The expression is equivalent to post paucōs annōs.
 - 22. accidit. See the note on 30, 1.
 - facturus, 'intending to make.' The future participle with a form of sum is used to express an intended or future action. This is called the active periphrastic conjugation.
 - 23. certam. See the note on 5, 13.
 - 24. Die constituta, ablative of time.
 - 26. a pueritia. Compare a puero, 9, 20.
- 34. 2. transeundo flumine. See the note on sun ulciscendi, 30, 16.
 - nescio quo. See the note on 33, 14.
 - 4. uno pede nudo, 'with one foot bare,' the ablative absolute. This construction consists of two parts, a noun or pronoun corresponding to the subject of a

clause, and a participle corresponding to the verb of a clause. A predicate noun or adjective may take the place of the participle. In the latter case the use of the participle 'being' will show the two parts in the relation of subject and predicate, 'one foot being bare.'

- 34.6. dēmonstrāvisset, subjunctive because subordinate in indirect discourse. See the note on 33, 10. Pelias thought, Hīc est homo quem orāculum dēmonstrāvit.
 - 9. vellus aureum. Phrixus and his sister Helle were about to be put to death, when they were rescued by a ram with fleece of gold, who carried them off through the air. Helle fell from the ram's back into the strait that separates Europe and Asia, called after her the Hellespont, 'Helle's sea,' and known to us as the Dardanelles. Phrixus came safely to Colchis, and here he sacrificed the ram and gave the fleece to Aeetes. Read Mr. D. O. S. Lowell's Jason's Quest.
 - ut...potirētur. See the note on 27, 6.
 hōc vellere. Potior takes the same construction as vēscor, for which see the note on 16, 19.
 - 16. iter, accusative of extent.
 - 20. ūsuī, dative of purpose. We say 'of use' or 'useful.'
 - 24. operi, dative after the compound with prace. Notice that not all verbs compounded with prepositions govern the dative. Many compounds of ad, ante, com (for cum), in, inter, ob, post, prace, pro, sub, and super do have the dative, and some compounds of circum. You will find it profitable to keep a list of all such compound verbs governing the dative that you meet in your reading.
 - 25. nē... quidem, 'not ... even.' The word emphasized must stand between nē and quidem.

- 34. 25. ad laborem. See the note on ad quietem, 14, 1.
 - 26. Ad multitūdinem trānsportandam, used like ad labörem. The gerundive in this use is very common.
 - 27. quibus. The antecedent eae is not expressed. Notice that ūtor governs the same case as vēscor and potior. Two other deponent verbs, not found in this book, take this construction, namely fruor, 'enjoy,' and fungor, 'perform.'

nostro mari, i.e. the Mediterranean.

consuevimus. See the note on consueverat, 10, 9.

- 35. 8. citharoedum. It was said that Orpheus made such sweet music on his golden harp that wild beasts, trees, and rocks followed him as he moved. By his playing he even prevailed upon Pluto to give back his dead wife Eurydice.
 - Theseum, a mythical hero, whose exploits resemble and rival those of Hercules. The most famous of them was the killing of the Minotaur. Theseus was the national hero of Athens.
 - Castorem, the famous tamer of horses and brother of Pollux, the boxer. Read Macaulay's Lays of Ancient Rome, The Battle of the Lake Regillus.
 - quos, the subject of esse. Its antecedent is eos, line
 The relative frequently precedes in Latin, but the antecedent must be translated first.
 - 16. Argonautae. Notice the composition of this word.
 - 24. deicerentur, part of the result clause.
 - 26. arbitrātī. See the note on 25, 27. egredī. See the note on 22, 18.
 - 27. pūgnātum est. See the note on 20, 4.
- 36. 5. Postrīdiē ēius diēī, 'the next day,' more literally 'on the day following that day.' This idea may be expressed by postrīdiē alone, and the fuller expression is simply more formal.

- 36. 9. in ancoris, 'at anchor.'
 - 10. haberent. See the note on 34, 6.
 - 11. ex Argonautis. See the note on 33, 6.
 - 13. Qui, 'he.' See the note on quibus, 20, 1. dum quaerit, 'while looking for.' The present indicative with dum is often to be translated by a present participle.
 - vidissent. We say 'saw,' but Latin makes it plain that the seeing (and falling in love) came before the attempt to persuade.
 - et. Keep a list of all intransitive verbs which are used with the dative.
 - 16. negaret. This verb is commonly used instead of dīcō when a negative statement follows; when thus used, it should be translated by 'say' with the appropriate negative, here 'said that he would not.'
- 37. 1. praebuisset, subjunctive in a subordinate clause of indirect discourse.
 - 2. supplici. See the note on 7, 8.
 - 6. accubuerat. The Romans reclined at table, supporting themselves on the left arm and taking the food with the right hand. They naturally represented others as eating in the same way.
 - appositum, 'that had been placed before him.' See the note on exanimātum, 14, 4.
 - 7. Quō... morerētur, 'and so it came to pass that Phineus was nearly dying of starvation,' literally 'that not much was wanting but that Phineus would die.' Ut... abesset is a clause of result, the subject of factum est; quīn... morerētur is a form of subordinate clause with subjunctive verb used after certain negative expressions; famē is ablative of cause. Notice that famēs has a fifth-declension ablative, but is otherwise of the third declension.

- 37. 9. Res male se habebat, 'the situation was desperate.'
 What is the literal meaning?
 - 12. opīnionem virtūtis, 'reputation for bravery.'
 - 13. quin ferrent. Negative expressions of doubt are regularly followed by quin and the subjunctive.
 - 16. quanto in periculo. See the note on 11, 25. suae res, 'his affairs.' See the note on res, 13, 8.
 - 17. repperissent. Phineus used the future perfect indicative.
 - 22. nihil, used adverbially.
 - 23. aera. See the note on 4, 11.
 - 27. Hoc facto, 'when this had been accomplished.' See the note on 34, 4. The ablative absolute is often used instead of a subordinate clause of time, cause, condition, or the like.
- 38. 1. referret. See the note on 6, 16.
 - 3. eō cōnsiliō. See the note on 28, 1.
 - 4. nē quis, 'that no one.' Negative clauses of purpose and negative clauses of result may be distinguished by the negative: nē, nē quis, etc., for purpose; ut nēn, ut nēmō, etc., for result.
 - parvo intervallo, 'a short distance apart,' ablative absolute. See the note on 34, 4.
 - 5. in medium spatium, 'between them.'
 - quid faciendum esset, 'what was to be done.' The gerundive is used with sum to denote necessary action. This is called the passive periphrastic conjugation.
 - 8. sublatis . . . solvit, 'weighed anchor and put to sea.'
 What is the literal translation? The ablative absolute is often best translated by a coördinate verb, and this requires a change of voice, for the lack of a perfect active participle in Latin is the reason for the use of the ablative absolute in such cases. If there were a perfect active participle, it would stand in the

nominative, modifying the subject, as we have found the perfect participle of deponent verbs doing.

- 38. 11. rēctā . . . spatium, 'straight between them.'
 - 12. cauda tantum āmissā, 'having lost only its tail-feathers.'

 Notice that we change the voice, as in line 8, and that the use of the ablative absolute is resorted to here for the same reason as in that passage. Make sure at this point that you know three ways in which the ablative absolute may be translated, as in this passage, as in line 8, and as suggested in the note on 37, 27).
 - 14. concurrerent, 'could rush together.' See the note on possent, 27, 20.

intellegentes, equivalent to cum intellegerent.

- 17. dis, the usual form of the dative and ablative plural of deus, as dī of the nominative plural.
 - quorum, equivalent to cum eorum. A relative clause of cause, like a cum-clause of cause, has its verb in the subjunctive.
- 27. negăbat. See the note on 36, 16.
- trāditūrum. In infinitives formed with participles esse is often omitted.

prius. See the note on 27, 25.

- 3. Primum. See the note on 12, 16.
- 4. iungendi erant. See the note on 38, 7.
- 8. reī bene gerendae, 'of accomplishing his mission.'
 What is the literal meaning?
- 10. rem aegrē ferēbat, 'she was greatly distressed.' What is the literal meaning?
- 12. Quae . . . essent. See the note on 29, 23.
- 13. medicīnae, objective genitive.
- 14. Media nocte. See the note on 9, 5.
 insciente patre, 'without the knowledge of her father,' ablative absolute.

- 39.15. vēnit. See the note on 3, 13.
 - 17. quod . . . confirmaret, a relative clause of purpose.
 - essent, subjunctive in informal indirect discourse, or by attraction to oblineret.
 - 20. hominibus. See the note on 34, 24.
 - 21. magnitudine et viribus, ablative of specification.
- 40. 2. nihil valere, 'prevailed not.'
 - 5. qua in re. See the note on 11, 25.
 - 6. confecerit. See the note on 19, 22.
 - 8. quos. See the note on quibus, 20, 1.
 - 9. autem. See the note on 5, 8.
 - 10. essent, subjunctive by attraction.
 - 11. quodam, 'some.'
 - 16. gignerentur, 'should be born.' With dum, 'until,' the subjunctive is used of action anticipated, as with antequam (see the note on possent, 27, 20).
 - 19. omnibus agrī partibus. See the note on 18, 6.
 - 20. mīrum in modum = $m\bar{i}r\bar{o}$ $mod\bar{o}$.
 - 25. nescio cur, 'for some reason.' See the note on 33, 14.
 - 28. nullo negotio, 'with no trouble,' 'without difficulty.'
- 41. 3. quin tulisset. See the note on 37, 13.
 - 15. quam primum, 'as soon as possible.' See the note on 23, 2.
 - 16. avecturum. See the note on trāditūrum, 39, 1.
 - 17. Postrīdiē ēius diēl. See the note on 36, 5.
 - loco. The antecedent is frequently thus repeated in the relative clause.
 - 21. qui... essent, 'to guard the ship.' See the note on 13, 16.
 - 22. ipse. See the note on 21, 19.
 - quidam. This word may sometimes be rendered by the indefinite article.
 - 28. dēmonstrāvimus. See the note on nārrāvimus, 14, 17.
- 42. 5. dormit. See the note on fugit, 4, 25.

- **42.** 12. aliqui. Learn from the vocabulary the difference between aliquis and aliqui.
 - mātūrandum sibi, 'they ought to hasten,' more literally 'haste ought to be made by them'; mātūrandum (esse) is the impersonal passive, and sibi the so-called dative of the agent. With the gerundive the person who has the thing to do is regularly expressed in the dative.
 - 16. mirāti. See the note on 25, 27.
 - 20. dis. See the note on 38,17.
 - 21. ēvēnisset. See the note on accēpissent, 26, 21.
 - 23. vigiliā. The Romans divided the day from sunrise to sunset into twelve hours (hōrae), the night from sunset to sunrise into four watches (vigiliae).
 - 24. neque enim. See the note on 7, 12.
 - 25. inimīcō animō, ablative of description.
- 43. 2. hoc dolore, 'this anger,' i.e. 'anger at this.'

Navem longam, 'war-galley,' 'man-of-war.' The adjective contrasts the shape of the man-of-war with that of the merchantman.

- 4. fugientis, used as a noun, 'the fugitives.'
- 6. qua, ablative of means.
- qua, 'as,' but in the same construction as eadem celeritate.
- 8. Quo . . . caperentur. See the note on 37, 7.
- 9. neque... posset, 'for the distance between them was not greater than a javelin could be thrown.' What is the literal translation? The clause quo... posset denotes result; the distance was not so great that a javelin could not be thrown from one ship to the other.
- 11. vidisset. See the note on 36, 15.
- 15. fugiëns, 'when she fled.' See the note on fessus, 23, 15.
- 18. fili. See the note on 7, 8.

- **43.** 19. Neque . . . fefellit, 'and Medea was not mistaken.' What is the literal meaning?
 - 20. ubi primum, 'as soon as,' literally 'when first.'
 - 24. prius, not to be rendered until quam is reached. The two words together mean 'before,' more literally 'earlier than,' 'sooner than.' They are sometimes written together (priusquam).
 - 25. nihil . . . esse, 'that it would be of no advantage to him.'
- 44. 5. pollicitus erat. Verbs of promising do not usually take in Latin the simple present infinitive, as in English, but the construction of indirect discourse.
 - 10. mihi. The dative of reference is often used in Latin where we should use a possessive in English. Translate here as if the word were meus, modifying dies.
 - 11. Liceat mihi, 'permit me,' literally 'let it be permitted to me.' Commands and entreaties in the third person are regularly expressed in the subjunctive.
 - dum vivam, 'so long as I live.' The verb with dum 'so long as' is not restricted to the present, as with dum 'while,' but any tense of the indicative may be used. We have here the future indicative, or the present subjunctive by attraction.
 - 12. tū. The nominative of the personal pronouns is commonly expressed only when emphatic. Here the use of the pronoun makes the promise more positive.
 - 15. rem aegrē tulit, 'was vexed.' Compare 39, 10.
 - 20. Vultisne, the verb vultis and the enclitic -ne, which is used to introduce a question, and is incapable of translation. Num (line 21) introduces a question to which a negative answer is expected, and is likewise not to be translated, except in so far as its effect is reproduced by the form of the question or the tone of incredulity with which the words are spoken.
 - 28. effervesceret. See the note on 40, 16.

- 45. 3. stepentie, in amazement.
 - Vos. See the note on 44. In. Vos and ego in the next sentence are contrasted.
 - 7. Owner whit. See the more our 228. S.
 - 10. metrerunt. See the note on interfecit. 13, 18.
 - 13. quibus. For the case see the note on quibus, 34, 27.
 - 15. re vers, 'really.'
 - ange traffscont, 'were indigramt as.' Compare 39. 10, and 44. 15.
 - 23. Creams. See the note on an erast, 13, 5.
 - 25. mintions, a notice of divorce.
 - 26. diceret. See the note on ducit. 6, 18.
 - 28. ultifram. See the note on 30. L.
- Vesters. Compare the story of the death of Hercules, pp. 30, 31.
 - 3. quis. See the note on 30, 3. induisset, subjunctive by attraction.
 - 5. mihil mail. See the note on 22.26.
 - 16. itsque, not the adverb itaque, but the adverb ita and the encitic conjunction —que.

žera. See the note on 4. IL.

21. in east partem, 'to that side.'

CLYSSES

- 49. 4. insidia. This refers to the story of the wooden horse.
 - quem, subject of exceptions. The English idiom is 'who, some say, devised.' Notice that exceptions is contracted from exceptionism.
 - 10. quo, ablative of means.
 - aliae...partis, 'some in one direction and some in another,' but Latin compresses this into the one clause 'others in other directions.'
 - 20. qua. See the note on 43, 6.

- 49. 26. quibusdam, dative with obviam facti, 'having fallen in with,' 'having met.'
 - 27. Accidit. See the note on 30, 1.
- 50. 2. gustässent, contracted from gustāvissent.

patriae et sociorum. Verbs of remembering and forgetting take the genitive or the accusative, but obliviscor prefers the former.

- 4. cibo. See the note on 16, 19.
- 5. hōrā septimā. See the note on 42, 23.
- 11. docuērunt. See the note on 4, 26.
- 51. 6. tantum, the adverb.
 - 23. sē, 'they,' i.e. himself and his companions.

praedandī causā, 'to steal.' Purpose is frequently thus expressed by causā with the genitive of the gerund or gerundive. What other ways of expressing purpose have you met in your reading?

- 24. ā Trōiā. The preposition is sometimes used with names of towns, with the meaning 'from the direction of' or 'from the neighborhood of.'
- 25. esse. It will help you to understand indirect discourse if you will try to discover what words would be used to express the idea in the direct form. Here, for instance, the exact words of Ulysses would have been in Latin: Neque mercātōrēs sumus neque praedandī causā vēnimus; sed ā Trōiā redeuntēs vī tempestātum ā rēctō cursū dēpulsī sumus.
- 27. ubi . . . essent. The question of Polyphemus was Ubi est nāvis quā vectī estis?
 - sibi . . . esse, 'that he must be exceedingly careful.' See the note on mātūrandum sibi, 42, 12.
- 29. in . . . esse, 'had been driven on the rocks and entirely dashed to pieces.' See the note on \(\bar{i}r\bar{a}\) . . . interfecit, 18, 4.
- 52. 1. membrīs eorum dīvulsīs, 'tearing them limb from limb.'

- **52.** 4. nē... quidem. See the note on **34**, 25.
 - tam. Notice that the force of a second demonstrative word is lost in the English rendering. So hīc tantus vir, 'this great man,' etc.
 - humi. See the note on 30, 16.
 prösträtus, 'throwing himself down.' See the note on continēbantur, 20, 26.
 - 8. rei gerendae, 'for action.' Compare 39, 8.
 - in eō... trānsfigeret, 'was on the point of transfixing.'
 The clause of result ut... trānsfigeret is explanatory of in eō.
 - 13. nihil sibi profuturum. See the note on 43, 25,
 - 17. hoc conatu. See the note on 13, 11.
 - 18. nullā...oblātā, 'since no hope of safety presented itself.' See the note on continēbantur, 20, 26.
 - 21. et. See the note on 28, 18.
 - 23. laturi essent, 'would bring,' more literally 'were going to bring.' Notice that in subjunctive constructions the periphrastic form is necessary to express future action clearly, since the subjunctive has no future.
 - 25. quod, object of the implied fecerat.
- 53. 14. quo. See the note on 43, 7.
 - 15. id... salūtī, 'and this was his salvation,' literally 'that which was for safety to him.' For the datives see the note on 13, 16.
 - 20. tertium, the adverb.
 - 22. Nëminem. Why is the accusative used?
 - 27. inquit. See the note on 14, 28.
 - 28. quam facultatem, for facultatem quam. The antecedent is often thus attracted into the relative clause.

 nē omittāmus, 'let us not neglect,' the hortatory subjunctive.
 - 29. rei gerendae. See the note on 52, 8.
- 54. 1. extremum palum, 'the end of the stake.' Other ad-

jectives denoting a part of the object named by the noun they modify are *medius*, 'the middle of'; *cēterus*, 'the rest of'; *reliquus*, 'the rest of'; *prīmus*, 'the first of'; *summus*, 'the top of'; *īmus*, 'the bottom of.'

- 54. 5. dum errat, 'wandering.'
 - pecus. Is this pecus, pecoris, or pecus, pecudis? See the note on pecora, 20, 26.
 - 24. venerat. We say 'came,' but the Latin by the use of the pluperfect denotes that this action preceded that of tractabat.
- **55.** 1. quās. See the note on *quibus*, **20**, 1. inter sē. Compare **21**, 20.
 - 5. fore, 'would happen.'
 - 15. aliquod. Compare 42, 12, and the note.
 - 16. id . . . erat, 'as was indeed the case.'
 - 17. auxiliandī causā. See the note on 51, 23.
 - 26. correptum coniecit, 'seized and threw.'
 - 27. non . . . submergerentur. See the note on 37, 7.
- **56.** 4-6. These verses and those on p. 57 and p. 59 are quoted from Vergil's Aeneid.
 - 6. vinclis, for vinculis.
 - 8. vīrīs. Let the quantity of the first i tell you from what nominative this word comes.
 - 11. sibi proficiscendum. See the note on mātūrandum sibi, 42, 12.
 - 13. iam profectūro, 'as he was now about to set out.'
 - 16. nāvigantī, 'to one sailing.'
 - 25. mīrābantur, 'had been wondering.' With iam dūdum and similar expressions the imperfect denotes action begun some time before and still going on at the given past time. This is similar to the use of the present already commented on (see the note on es, 4, 1).

- **56.** 28. cēlāta, plural because of the plural expression aurum et argentum.
- 57. 1. venti, subject of ruunt and perflant.
 - 2. velut agmine facto, 'as if formed in column.'
 - 3. data. Est is omitted.
 - 10. proiecissent. See the note on accepissent, 26, 21.
 - 13. in terram egrediendum esse, 'that a landing must be made.'
 - 18. quam, an adverb modifying crūdēlī.
 - essent, informal indirect discourse or subjunctive by attraction.
 - 20. vellet, subjunctive of characteristic. This name is given to the subjunctive when used in relative clauses to define or restrict an indefinite or general antecedent. So here it is not 'no one was found,' but 'no one willing to undertake this task was found.'
 - 21. dēducta est, 'came.'
 - 23. pracesset, subjunctive of purpose.
 - 25. evenit. This verb takes the same construction as accidit, 30, 1.
- 58. 1. nihil. See the note on 37, 22.
 - 2. morti. Compare 49, 26.
 - 5. aliquantum itineris, 'some distance on the journey.'
 The two words are accusative of extent of space and partitive genitive respectively.
 - 11. sibi, 'for them,' dative of reference.
 - 12. foris. This is translated like foras above, but the former was originally locative and is therefore used with verbs of rest; the latter, accusative of place whither and therefore used with verbs of motion.
 - 15. accubuerunt. See the note on 37, 6.
 - 25. perturbătus, used as a predicate adjective, 'agitated.'
 - 27. correpto. See the note on 38, 8.

- 59. 1. quid. See the note on quis, 30, 3. gravius, 'serious.'
 - et. The direct form of these two speeches would be: Sī quid gravius tibi acciderit, omnium salās in summō discrīmine erit; and Nēminem invītum mēcum addūcam; tibi licet, sī māvīs, in nāvī manēre; ego ipse sine ūllō praesidiō rem suscipiam. Notice that ego is not used to represent sē of line 2, but is used for sē of line 4 for the sake of the contrast with tibi.
 - nūllo. Instead of the genitive and ablative of nēmo, nūllūus and nūllo are regularly used.
 - 7. Aliquantum itineris. See the note on 58, 5.
 - 10. in eo... intraret. See the note on 52, 9.
 - 11. el. Compare 49, 26, and 58, 2.
 - 14. Circes, a Greek form of the genitive.
 - 16. Num. See the note on 44, 20. Nonne (line 14) is used to introduce a question to which an affirmative answer is expected.
 - 18. nüllis. See the note on 24, 3.
 - 22. tetigerit. See the note on 30, 20.
 - tū . . . faciās, 'see that you draw your sword and make an attack upon her.'
 - 24. vīsūs, 'sight.' The use of the plural is poetic.
 - 25. tenuem . . . auram. The order of the words here is poetic.
- **60.** 1. atque, 'as.' After adjectives and adverbs denoting likeness and unlikeness, this use of atque is regular.
 - 3. dēpulsa est. See the note on 4, 26.
 - 4. sibi. See the note on 58, 11.
 - 11. ut...erat, 'as he had been instructed,' more literally 'as had been enjoined upon him.' An intransitive verb must be used impersonally in the passive, for it is the direct object of the active voice that becomes the subject of the passive. If the intransitive verb takes a dative in the active, this dative is kept

in the passive. Notice that the corresponding English verbs are transitive, and that the dative may therefore be rendered as the object in the active construction and as the subject in the passive.

- 60.13. sensisset. See the note on vidissent, 36, 15.
 - 14. sibi vitam adimeret, 'take her life.' The dative of reference is thus used after some compound verbs to name the person from whom a thing is taken. This construction is sometimes called the dative of separation.
 - 15. timore perterritam. See the note on 14, 11.
 - 20. ei pedēs, 'his feet.' See the note on 44, 10.
 - 21. imperasset, contracted from imperavisset.
 - 22. in atrium. See the note on 7, 3.
 - 26. sunt, goes with reducti.
 - 29. reliquis Graecis, indirect object of diceret.
 - 30. Circaeam. Notice that this use of the adjective instead of the genitive often cannot be imitated in the English rendering, but must be translated by the possessive case or a prepositional phrase.
- 61. 8. eī persuāsum sit, 'he was persuaded.' See the note on GO, 11. The clause ut... manēret is the subject of persuāsum sit; if the latter were active, the clause would be its object. For the tense of persuāsum sit see the note on 19.22.
 - 10. consumpserat. See the note on 14, 3. patriae, objective genitive, to be rendered, as often, with 'for.'
 - 15. ūsuī. See the note on 34, 20.
 - 23. antequam perveniret. We say 'before he could come.' See the note on possent, 27, 20.
 - 24. hoc loco. See the note on 24, 2.
 longum est. We say 'would be tedious' or 'would take too long.'

VOCABULARY

ABBREVIATIONS

abl.	ablative.	infin.	infinitive.
acc.	= accusative.	interrog.	interrogative

The hyphen in initial words indicates the composition of the words.

A

ā or ab (the former never used before words beginning with a vowel or h), prep. with abl., away from, from; of; by.
abditus, -a, -um [part of abdō], hidden, concealed.
ab-dō, -dere, -didī, -ditus, put away, hide.
ab-dūcō, -dūcere, -dūxī, -ductus, lead or take away.
ab-eō, -ire, -iī, -itūrus, go away, depart.
abiciō, -icere, -iēcī, -iectus [ab + iaciō], throw away.
abripiō, -ripere, -ripuī, -reptus [ab

+ rapio], snatch away, carry off. abscido, -cidere, -cidi, -cisus [abs = ab + caedo], cut away or off. ab-scindō, -scindere, -scidī, -scissus, tear away or off. ab-sum, abesse, āfuī, āfutūrus, be away, be absent, be distant: be wanting. ab-sūmō, -sûmere, -sumptus, take away, consume, destroy. Absyrtus, -ī, m., Absyrtus. ac, see atque, Acastus, -I, m., Acastus. accendo, -cendere, -cendi. -census, kindle, light.

-cidere, accido, -cidī [ad + cado, fall to or upon; befall, happen. accipio, -cipere, -cept, -ceptus [ad + capio], take to oneself, receive, accept; hear; suffer. accumbō, -cumbere, -cubuī, -cubitus, lie down (at table). accurro, -currere, -curri, -cursus [ad + curro], run to, come up. ācer, ācris, ācre, sharp, shrill. acies, -ēi, f., line of battle. Acrisius, -I, m., Acrisius. ācriter [ācer], adv., sharply. fiercelu. ad, prep. with acc., to, toward; at, near; for. -amāre, -amāvī, ad-amō, -amatus, feel love for, fall in love with. ad-dūco, -dūcere, -dūxī, -ductus, lead to, bring, take; induce, inad-eo, -ire, -ii, -itus, go to, approach. ad-ferō, adferre, attulī, adlātus, bear to, bring. adficio, -ficere, -fecī, -fectus [ad + facio], do to, move, affect; visit, afflict. ad-fligo, -fligere, -flixi, -flictus, dash to, shatter. adhibeō, -hibēre, -hibuī, -hibitus [ad + habeo], hold to, employ, show. ad-hūc, adv., to this point, up to this time, yet, still. adiciō, -icere, -iēcī, -iectus [ad + iacio], throw to, throw, hurl. adimō, -imere, -ēmī, -ēmptus [ad + emo], take to oneself, take away. aditus, -ūs [adeo], m., approach, entrance. -iūnxī, ad-iungō, -iungere, -iunctus, join to, join.

ad-ligō, -ligāre, -ligāvī, -ligātus, bind to, bind. Admēta, -ae, f., Admeta. ad-miror, -mirāri, -mirātus, wonder at, admire. ad-mitto, -mittere, -mīsī, -missus, send to, admit: allow. ad-sto, -stare, -stiti, stand at or near. adulēscēns, -entis, m., youth, young man. adulēscentia, -ae [adulēscēns], f., youth. ad-ūrō, -ūrere, -ūssī, -ūstus, set fire to, burn, scorch, sear. ad-venio, -venīre, -vēnī, -ventus, come to or toward, approach, arrive. adventus, -ūs [advenio], m., approach, arrival. Acacus, -ī, m., Acacus. aedifico, -āre, -āvī, -ātus [aedis + facio, make a building, build. aedis, -is, f., sing. temple, plur. house. **Acētēs, -ac,** m., *Acetes*. aegre [aeger, sick], adv., ill, with difficulty. Aegyptii, -orum, m. pl., Egyptians. aëneus, -a, -um [aes], of copper or bronze Aeolia, -ae [Aeolus], f., Aeolia. Aeolus, -ī, m., Aeolus. āēr, āeris, m., air. aes, aeris, n., copper, bronze. Aeson, -onis, m., Aeson. aestās, -tātis, f., summer. aetās, -tātis, f., age. Aethiopës, -um, m. plur.. Ethiopians. Zephyrus, -ī, m., Zephyrus, the

west wind. Zētēs, -ac, m., Zetes.

A First Latin Book

Cæsar for Beginners. By Wm. T. St. Clair, A.M., of the Male High School, Louisville, Ky. 12mo. 365 pages. \$1.20.

The aim of the author is to prepare the pupil to read Cæsar by graded lessons based on Book II, giving constant review and thorough drill with simplified and adapted Cæsar. The entire second book of the Gallic War, with notes, follows the adapted portions. Every word in the book, every illustrative example, and every phrase and sentence is taken from the second book of Cæsar.

The book as a whole combines the usual beginners' lessons, grammar, prose composition, simplified and adapted Cæsar, and the whole of the second book of the Gallic V/ar with a 500-word vocabulary and copious notes. Thus there is no marked transition in passing from the beginner's part of the work to the complete text of Cæsar. References cited in the notes are not made to grammars, but the pupil is to turn back in his own book to find the explanations given in terms with which he is already familiar. The book is again used at the beginning of the second year and the work of the first year is continued without a break. In grading the lessons with a view to reading and comprehending the complex text of Cæsar, due care has been taken to fix well in mind the vocabulary and to drill the pupil upon vital points by repeated reviews both in translating and in doing English into Latin.

- Dr. A. L. Wheeler, Yale Univ.:—"I have examined with great pleasure 'Cæsar for Beginners,' which seems to me well adapted to its purpose. Pupils who master its contents should be well grounded in Latin."
- John T. Buchanan, Boys' High School, New York City:— "I have examined with care St. Clair's 'Cæsar for Beginners,' and find that it possesses all the qualities of a first-class First Year Latin text-book."
- Isaac Thomas, Principal, High School, Burlington, Vt.:—
 "I may be considered one who will recommend the book at every opportunity. I cannot see how the book could be made better on this plan of preparation."
- F. H. Gould, University School, Cieveland, Ohio:—"It affords a better preparation for reading Cæsar than any book I have seen."
- A. W. Roberts, Wm. Penn Charter School, Philadelphia:—
 "It is evidently the work of an experienced teacher who wishes to anticipate the student's difficulties and show him how to study as well as what to learn."

LONGMANS, GREEN, & CO., 91-93 Fifth Avenue, New York

The Teaching of Latin and Greek In the Secondary School

By CHARLES E. BENNETT, A.B., Professor of Latin in Cornell University, and George P. Bristol, A.M., Professor of Greek in Cornel University. Crown 8vo.; pp. xvi-336. With a colored map, bibliographies and index. \$1.50.

Dr. David L. Kiehle, University of Tinnesota.

"It is a complete and scholarly book in its sphere, and supplies what ever teacher in Latin and Greek, and every educator needs. The subjects of Aim, Method Pronunciation, and Translation are intelligently and practically treated. It will be valuable book, which we shall make use of in our training of teachers here for work i Latin and Greek."

Prof. J. R. Wheeler, Columbia University, New York City.

"It was to be expected that these authors would produce a thoroughly sensible book with a lack of that pedagogic twaddle of which we have had so much in recent years; and this they have certainly done. It seems to me sure that the book will prove most suggestive and most useful to the school teachers in the country, and sincerely hope that it may have a wide circulation."

Educational Review.

"The volume should be in the hands of every teacher of either language, and if read in a critical spirit, which is the only scientific way, it cannot fail to be productive in a high degree of fruitful thought."

Dr. E. C. Moore, University of California.

"It is a very forceful and thorough work and just what I want for my student who are preparing to teach Latin. I have asked them to procure it."

Outlook.

"This is a rich, stimulating book . . . cannot fail to raise the standard $\mathfrak c$ excellence in our secondary schools."

Diel.

"The volume is worthy of special attention both because of its intrinsic meri and because it marks the beginning of a new pedagogic literature in this country. Th book is sane scholarly, and exceedingly suggestive. It fills a long-felt want in ou educational literature, and should be heartily welcomed by every teacher of th classics."

The School Journal.

. . . "this book is certainly one for the times, and will be of great help to thousand of teachers who need the help of a little clear thinking."

Nation

. . . "Should be in the hands of every secondary teacher, who will find much applaud, much to ponder, and much to stimulate criticism."
